

System Based, System Supported, Mobile Gaming System Installation Requests

Adam Fong
Senior Lab Engineer
Technology Division

Installation Requests

- ❑ Applies to all SBG/SSG/MGS deployed in Nevada
- ❑ Approved conventional gaming devices do not require installation requests
- ❑ Goal is to understand what is installed where and how they are installed
- ❑ Lab fees are paid by operator

Process Overview

- ❑ Submit SBG/SSG/MGS Installation form and required submission materials
- ❑ Provide an installation timeline
- ❑ Technology Division will review materials and schedule site inspection
- ❑ Licensee and Manufacturer corrects any issues found during inspection
- ❑ Technology Division will re-inspect if necessary
- ❑ Target turnaround time is 30 days

Submission Materials

- Provide a complete understanding of how the device will be installed
 - Completed User's Request for Installation of a SBG/SSG/MGS
 - Network Diagram
 - Security Settings
 - User access listings
 - Applicable surveillance coverage
 - Internal Controls
- Additional Requirements for Mobile Gaming Systems
 - Wireless coverage map
 - Operator Contract
 - Wireless Heat Map
 - Patron Literature

Site Inspection

- ❑ Verification of your submitted documents
- ❑ All system components should be installed and ready for deployment prior to inspection
- ❑ Make sure appropriate personnel are present to access secured areas
- ❑ Typically takes 1-3 hours

Final Approval to Install

- Granted by Chief of Technology
- Approval letters sent to licensee
 - May contain conditions for use
 - Modifications to system require approval
