Nevada Gaming Commission
Re: Public Comment for May 7, 2020 Special Meeting

Dear Chairman Tony Alamo,

As an Assistant Professor in the School of Community Health Sciences at the University of Nevada, Reno (UNR), I strongly support the Commission's efforts to ensure the safe reopening of gaming operations in the State as part of Governor Sisolak's "Nevada United: Roadmap to Recovery" plan.

I request the Commission consider including recommendations on smoke free gaming establishments in the Nevada Gaming Control Board Health and Safety Policies for the Resumption of Gaming Operations for both non-restricted and restricted licensees. Evidence suggests smokers are at an increased risk of contracting COVID-19 and having complications from the virus. In addition, recommending smoke free gaming establishments will reduce the risk of spreading the virus from individuals that will have to remove their face covering/mask to utilize their smoking device.

This recommendation is supported by some of my recent research in 2019 surveying Washoe county residents about smoking in casinos before COVID-19. Survey results show an increasing amount of Washoe County residents support smoke free casinos with 60% support from smokers and 74% support from non-smokers. Additionally, 80% of survey respondents believe that customers should be able to breath smoke free air. I expect this support for smoke free casinos will increase due to the safety concerns surrounding COVID-19.

I want to thank the Nevada Gaming Commission for their consideration of this proposed recommendation and we encourage members of the Commission wanting to discuss this recommendation in more detail to reach out.

Sincerely,

Re: Public Comment for May 7, 2020 Special Meeting

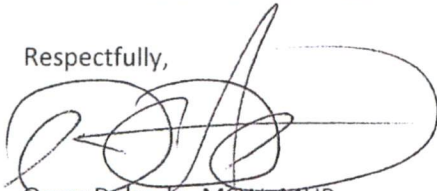

Dear Chairman Tony Alamo,

Community Health Alliance (CHA) strongly supports the Commission's efforts to ensure the safe reopening of gaming operations in the State as part of Governor Sisolak's "Nevada United: Roadmap to Recovery" plan.

CHA requests the Commission consider including recommendations on smoke free gaming establishments in the Nevada Gaming Control Board Health and Safety Policies for the Resumption of Gaming Operations for both non-restricted and restricted licensees. Evidence suggests smokers are at an increased risk of contracting COVID-19 and having complications from the virus. In addition, recommending smoke free gaming establishments will reduce the risk of spreading the virus from individuals that will have to remove their face covering/mask to utilize their smoking device. This recommendation will strengthen the CDC Social Distancing Guidance referenced in the proposed healthy and safety policies as well as provide safe and welcoming environments for employees and patrons.

We at CHA want to thank the Nevada Gaming Commission for their consideration of this proposed recommendation and we encourage members of the Commission wanting to discuss this recommendation in more detail to reach out.

Respectfully,

My name is Roger Maxwell and I own RLM Creams LLC dba Scotty's Creams located in Carson City, Nevada. We have been in business since 2002.

Due to the COVID-19 outbreak we added a new product. It is a hand sanitizer/disinfectant. Made in the USA and recognized by the FDA, CDC, EPA and USDA.

It is extremely easy to use. Just spray it on no need to wipe it off. It is safe for humans and animals. Contains no alcohol or bleach. We currently have an informational website cleangreen.green which you can visit to obtain additional information including uses. We have tried contacting casinos however you can never talk to anyone. This is an effective and inexpensive way to keep everyone safe. Please call Roger at (775) 391-6300 for information, a demonstration or to order.

Thank You.

NEVADA GAMING COMMISSION MEETING ON MAY 21**

Good morning, Commissioners. My name is Geoconda Arguello-Kline. I am the leader of the Culinary Workers Union Local 226. I want to speak to you again about the absolute urgency of transparency, of making Nevada gaming licensees disclose detailed re-opening plans and protocols regarding health and safety protections at their facilities.

We ask you – both the Commission and the Control Board – to go to Governor Sisolak and urge him to use his emergency powers during this public health crisis to require transparency on how Nevada casinos will do everything possible to minimize the risk of workers getting COVID-19.

As Rick Velotta, the leading gaming reporter in our state, put it in a column in the Review-Journal on May 17, “We’re not talking about trade secrets or disclosing materials that would give a company a competitive advantage to a rival or criminal acts by a prospective licensee. This is information that employees and guests need to know before they set foot inside a resort.”¹

We need to know that employers are providing the proper PPE for staff, using the right chemicals regardless of cost, and ensuring that workers have the time to adequately clean guest rooms and public areas during this on-going pandemic.

Are we really going to let the casinos gamble on the safety of workers?

No, of course we are not going to allow that to happen. As Governor Sisolak has said: the lives of Nevadans are more valuable than profit.²

Fifteen Culinary Union workers and their family members have died from COVID-19. That is fifteen too many.

To re-open Nevada casinos, we should have the highest standard of COVID-19 prevention before they are allowed to re-open. And none of us can be sure that Nevada casinos have met such standards unless you or the Governor mandate transparency and make them release detailed plans and protocols for COVID-19 prevention.

It was once said that “sunlight is the best disinfectant” when it comes to government regulation. This is especially the case in this critical moment in the course of this dangerous pandemic.

Please tell Nevada casinos – and ask the Governor to tell them – that they must release their detailed plans and protocols for doing the best and utmost they can to protect workers and the whole industry from the continuing threat of COVID-19.

Subject: Request for Prohibition on Smoking in Casinos Amid Covid-19 Re-Opening

I am recommending that this body, review and initiate and implement a statewide ban on smoking in casinos amid the Covid-19 reopening. Casinos are one of the few public places that allow smoking, and this seems to primarily because of the amount of revenue they bring in. Is this revenue worth putting the lives of people at risk? This is a perfect time to show greater concern for the safety of the public and employees during the re-opening period from Covid-19. If people are going to have to wear masks, they will have to remove them to smoke, and this also puts people at more risk. I am recommending that the casinos prohibit smoking when they start up again not only because it puts people at risk for second-hand smoke but also because Covid-19 poses an extra risk as well. There is so much talk about the safety of the workers and the public about the coronavirus, so I thought an additional health concern would be remedied if smoking was prohibited, especially since the virus is a respiratory disease. If this is already part of the reopening plan, then I support and commend the state for the greater concern for the general health. Please review this request and let me know if you have any questions. Thank you for your consideration of this request!
