**DISPOSITION  
PUBLIC COMMENTS AGENDA  
AUGUST 2022  
PAGE 1**

---

This public comment agenda item is provided in accordance with NRS 241.020(2)(c)(3) which requires an agenda provide for a period devoted to comments by the general public, if any, and discussion of those comments. No action may be taken upon a matter raised under this item of the agenda until the matter itself has been specifically included on an agenda as an item upon which action will be taken. Comments by the public may be limited to three minutes as a reasonable time, place and manner restriction, but may not be limited based upon viewpoint.

**PUBLIC COMMENTS AND DISCUSSION:**

**Comments taken from members of the Culinary and Bartenders Unions regarding Station Casinos. Refer to Public Comments Attachment 1 and Attachment 2.**

### LANGUAGE ACCESS PLAN NRS 232.0081

#### 1. Purpose and Authority

Senate Bill No. 318 of the 81<sup>st</sup> Session of the Nevada Legislature (SB318) and the federal guidance for compliance with Title VI of the Civil Rights Act of 1964 both resolve that language should not be a barrier to accessing governmental programs and services. The preamble of SB318 establishes that “[persons with limited English proficiency require and deserve meaningful, timely access to government services in their preferred language.” Moreover, the bill explicitly states that it is the responsibility of government to provide that access:

State and local agencies and entities that receive public money have an obligation to provide meaningful, timely access for persons with limited English proficiency to the programs and services of those agencies and entities.

The Nevada Gaming Control Board (Board) is committed to complying with NRS 232.0081 and Title VI of the Civil Rights Act of 1964, 2 C.S. § 561 et seq. (Act 172 of 2006) to ensure meaningful access to government services and programs for individuals with limited English proficiency. The purpose of this document is to establish an effective plan for employees of the Board to follow when providing services to, or interacting with, individuals who have limited English proficiency. Following this Plan is essential to the success of the Board’s mission to govern Nevada’s gaming industry through strict regulation of all persons, locations, practices, associations, and related activities of the gaming industry.

**\*\*The Board notes that this specific version of its language access plan is a draft and may not be the final version of the Plan implemented by the Board.\*\***

#### II. General Policy

The Board recognizes that the population eligible to work in Nevada’s gaming industry includes individuals with limited English proficiency. It is the policy of the Board to ensure meaningful access to individuals with limited English proficiency. The Board will implement this Language Access Plan (Plan) to ensure that individuals with limited English proficiency can gain equal access to the industry that the Board regulates and communicate effectively with the Board. This Plan applies to all the Board’s programs and services, including,

It is the policy of the State of Nevada to grant access to services or programs to every person regardless of the person’s ability to speak, understand, read, or write English. The Board intends to take all reasonable steps to provide individuals with limited English proficiency with meaningful access to its services and programs. The Board seeks to reduce barriers by increasing its capacity to deliver services and benefits to people in their preferred languages.

To effectuate this Plan, the Board endorses the following policies:

- The Board is committed to equity and will take all reasonable steps to provide individuals with limited English proficiency with meaningful access to all of its services, programs, and activities.
- The Board, rather than the individual with limited English proficiency, is responsible for providing appropriate language services, regardless of the individual’s preferred language, at no cost to the individual.
- Employees of the Board who regularly interact with the public have a duty to identify and record language needs of individuals who indicate the need for language services.
- Use of informal interpreters, including, without limitation, a family member or friend of the person seeking services is prohibited. Minor children are prohibited from acting as interpreters.
- Employees are prohibited from suggesting or requiring an individual with limited language proficiency provide his or her own interpreter in order to receive a service from the Board.

### **III. Profile of Clients of the Nevada Gaming Control Board**

The Board is committed to tracking the languages preferred for communication among the individuals with limited English proficiency whom the Board serves, so that the Board can better provide meaningful, timely access to the Board's services and programs without regard to any language impediments. The Board meets this commitment, in part, by hiring diverse individuals to mirror the global industry that it regulates

While the Board doesn't have any public-facing programs that serve residents of Nevada, the Board is acutely aware of its statutory duty established in NRS 463.0129 to protect the public – both residents of and visitors to Nevada – by strictly regulating all persons and locations that are given the privilege to participate in Nevada's gaming industry.

Pursuant to NRS 463.335, a person may not be employed as a gaming employee unless the person is registered as a gaming employee by the Board. With approximately 100,000 registered gaming employees in this State, this group of employees is the backbone of the industry that drives the economics of Nevada. Just as Nevada is preeminent global destination for visitors, it has become just as much of a global destination for those who choose to work in the industry. These individuals seek registration as a gaming employee with the Board only after attaining employment with a licensed gaming establishment. Therefore, this required "service" is only available – or in this case, required – of those who are employed by a gaming licensee and are statutory defined as a gaming employee (see NRS 463.0157)

The Board has been diligently working through a multi-year technology migration project, which includes a substantial overhaul of the online, public-facing application for gaming employee registrations. As the Board is in the middle of this technology project, the Board will build into the project the collection of the following information from the applicants for a registration as a gaming employee: 1) preferred language; 2) status as an indigenous person; and 3) refugee status. Specifically, the data will be collected through the online application process, whereby applicants for registration as a gaming employee will submit this demographic information through the application portal. It will be archived in the portal, and can be accessed by the Employee Registration Unit, Information Technology Section, and language access coordinators listed in Section II.

### **IV. Language Access Services and Procedures of the Nevada Gaming Control Board**

The Board has secured the language access services described in this section to enable individuals with limited English proficiency to access the Board's information required to become a registered gaming employee. The Board also makes every reasonable effort to offer these language access services to any member of the public who may be contacting the Board for any reason.

Oral and Written Language Services

The following employees of the Board have self-identified as having the ability to adequately and competently read, write, or speak a language other than English:

<b>Language</b>	<b>Employee</b>	<b>Division</b>	<b>Read</b>	<b>Write</b>	<b>Speak</b>	<b>Location</b>

If an individual who needs oral or written language services seeks to access the registration application or any other services offered by the Board and cannot be served by the Board's current language access services, the Board will utilize one of the active statewide contracts for translation and interpreter services offered by the State. The list of current statewide contracts for such services can be found [here](#).

Sign Language Services

If an individual who needs sign language services seeks to access information and services offered by the Board, the Board will utilize one of the active statewide contracts for translation and interpreter services offered by the State. The list of current statewide contracts for such services can be found [here](#).

Cultural Competency Resources

In 2022, the Board's Training & Diversity Officer conducted required training for each Board employee regarding cultural competency, diversity, and inclusion.

## **V. Implementing the Language Access Services of the Nevada Gaming Control Board**

The Board is committed to providing individuals with limited English proficiency full access to its programs. Towards this end, the Board requires its staff to follow the procedures described below to ensure meaningful access to available language services. The Board is committed to full compliance with these procedures and will provide staff with the training necessary to ensure that all staff are familiar with these procedures and recognize their importance to the Board's mission.

### Language Access Procedures

The following procedures should be followed to: 1) interact appropriately with individuals with limited English proficiency; 2) inform such individuals of the availability of language services; 3) determine individuals' preferred languages; and 4) record and track such language preferences so that this information can be used throughout interactions with Board staff

If, upon the implementation of the new online application for the registration of gaming employees described in Section III, an application for registration as a gaming employee is received that contains information noting that the individual's preferred language is not English, an employee of the Board's Employee Registration Unit should ensure that this individual is provided with the appropriate language services provided by the Board as described in Section IV.

The Board will use competent bilingual staff who are able to provide services directly to the individual in his or her preferred language without the need for an interpreter. If this direct service is not possible, staff should seek assistance from professional in-person or telephone interpreters by contacting the language access coordinators listed in Section II. The Board has authorized its staff to provide language services to communicate effectively even when such assistance has not been expressly requested.

### Language Access Quality Assurance

The Board is committed to ensuring that all language service providers it uses are qualified and competent to provide those services. Towards that end, the Board will be formulating policies and procedures to establish provider qualifications and track performance.

### Training

The Board believes that the appropriate provision of language services is vital to the fulfillment of its mission. Towards that end, the Board will ensure that its staff is familiar with this Plan.

## **VI. Evaluation of and Recommendations for the Language Access Plan of the Nevada Gaming Control Board**

The Board is committed to monitoring the performance of the above policies, procedures, and resources to ensure that the Plan is responsive to the needs of both the Board and the individuals regulated by the Board. The Board will review, evaluate, and update this Plan biennially.

This review will be conducted by the Board's language access coordinators listed in Section II. A large portion of future updates to this Plan will be conducted in collaboration with the Board's Human Resources Section to ensure that the list of Board staff who can competently read, write, or speak a language other than English is continuously updated. This will ensure that the Board's Employee Registration Unit has the most up-to-date information regarding the language access services the Board can provide in-house.

At this time, the Board does not foresee any budget implications regarding this Plan. Additionally, the Board does not have any proposed statutory amendments to chapter 232 of NRS at this time.

Good morning to the board. My name is Diamante Asberry, and I'm here on behalf of the Culinary and Bartenders Union. I'm here today to update you all on some of Station Casinos' recent announcements and actions throughout the Las Vegas valley.

Last month, Station Casinos announced that three of its properties - Texas Station, Fiesta Rancho and Fiesta Henderson - will be permanently closed, demolished and the land beneath them sold. The company is currently constructing the new Durango Hotel and Casino, working on a new Wildfire Casino in Downtown Las Vegas, and planning a new casino in the North Las Vegas area as well.

Stations is making decisions that impact multiple different communities throughout the Las Vegas valley. Are they responsive to the concerns of these communities?

In June of this year, no representatives from Stations were present at a North Las Vegas City Council meeting where the council voted to approve a resolution extending the non-operational status of Texas Station and Fiesta Rancho for another year. This meeting came a mere 6 weeks before the announcement of the permanent closures of those properties. We believe that the holder of a privileged gaming license should be present to answer questions from those that hold jurisdictional power over the licensee.

Two weeks ago, on Monday, July 25<sup>th</sup>, Stations held a community meeting at the Aliante Library for North Las Vegas residents to discuss the new casino project the company is planning for a new master planned community in North Las Vegas. Dozens of community members showed up to ask questions about the development, but those representing Stations at the meeting did not have answers to many of the questions asked.

Here are some of the questions that community members asked at the meeting:

- What is the timeline for completion of this project? How long could this land, like other undeveloped sites owned by Stations, potentially sit empty?
- How much higher will rent be for residents in the area as a result of this project?
- Will laid off Station Casinos workers from the now permanently closed properties be called back to work at this new casino?
- Will there be another community meeting to address the impacts of this project on the residents in the area?

Our question is: Will this Board hold Stations accountable for the impact that the company has had and will have on Las Vegas neighborhoods and residents?

Thank you.

Hello. My name is Kathleen Penna. I'm a cocktail server at the Red Rock casino.

I started working with Station Casinos in 1997, opening Sunset Station as a cocktail server. In the nine years I worked at Sunset Station, we had three rebids, which allowed us to change what shifts we were working.

I transferred to open the Red Rock casino in 2006. I started in the bingo room as a cocktail server and am currently still in the bingo room. After several years, Red Rock had a rebid in the beverage department for all the bartenders and slot cocktail servers only. Every other cocktail server, including bingo, race and sports book, poker, and the pit was excluded from this rebid.

When I found out about this I went to the beverage managers, beverage director, Human Resources, corporate, and finally to the General Manager of Red Rock. With the majority of the cocktail servers in agreement, and after a full year of trying to follow the proper chain of command to request a full rebid without classifications or pods, we were informed by Scott Nelson, the General Manager of Red Rock, that there would be no full rebid. He offered no explanation as to why.

For the past 16 years I have been in the same room, same shifts, same hours, with no opportunity to change it to fit my life as it has changed over the years. To make a change I would have to give up my seniority of 25 years and my benefits to take a part-time shift in another classification.

I am not the only cocktail server who has put in many years with the company and feels like there is no hope for advancement or change. We feel like the company isn't listening to us.

We voted for the Culinary Union at Red Rock, and we want the company to respect that.

Thank you.
