Good morning. Zachary Poppel for the Culinary Union. In our November public comment we told you about how *Time Magazine* included a mention of Station Casinos MUD Lists of its own workers. MUD is an acronym and these are spreadsheets used to categorize employees as "pro-Management," "pro-Union," or "Don't know." Then in public comment we showed how Station Casinos property directors used MUD lists to decide which workers to rehire during the pandemic. Our last public comment showed how Station Casino Chief Operating Officer requested MUD Lists. Executives ordered supervisors to create MUD Lists.

These MUD Lists caused damage to our community and to our industry. No one in this room, no one in our community deserves to be put on a MUD List. Some of us may know the phrase "your name is mud." Station Casinos put the names of thousands of our community members on its MUD Lists. How shameful. So today we want you to hear from a worker who was on a Station Casinos MUD List.

But before you hear from Norma let me say two things about Station Casinos and Red Rock Resorts Inc internal governance. The company's board of directors Nominating and Corporate Governance committee is tasked with overseeing an annual evaluation of the Board and management and the recommendation of improvements when necessary. We want to know whether the company's use of MUD Lists have been part of an annual evaluation by the Board and if so what the recommendations were. If the Governance committee has not evaluated how the company's MUD Lists affect employees like Norma, then is it following its charter?

And lastly, Red Rock Resorts' Code of Business Conduct and Ethics says that "All Team Members, suppliers, representatives and agents of the Company must conform to ethical and legal standards, abide by the law and preserve the Company's integrity and reputation." Does the MUD List violate the company's own code? There is nothing ethical about a MUD List. A MUD List shows no integrity. A MUD List says more about the company who made the list than it does about the workers on the list. Thanks.

My name is Norma Flores. I was on a Station Casinos MUD List.

I have lived in Henderson for 29 years. I worked at Fiesta Henderson for 20 years. My first day of work there was January 14 1999.

Stations kept Fiesta Henderson closed during the pandemic and the property is now demolished.

When I was on layoff I went to three Station Casinos job fairs. At Green Valley, at Boulder and Palace.

The woman who interviewed me was excited that I had applied.

They said they were so happy because they were looking for people with experience.

She said "you have everything we need."

I feel like I was going to get the job.

She asked for my name, my social security. And then she left the room.

When she came back she told me that they would call me back. And they never called me back.

This same thing happened all three times.

I felt that the company had me on some sort of blacklist.

When I was looking for work I was homeless for 2 days. I slept in car at Morell park. I applied for seven places to live and had to pay application fees.

I have seen a document called "MUD List" for Fiesta Henderson with my name on it.

In the row with my name there is an X and a number which meant "Must GO."

If somebody can explain to me why I am on this list?

I always worked very hard and never had problems at work.

Why am I listed as "Must GO" on the MUD List?

Am on that list because I fight for workers' rights?
