PRESENTS

ROULETTE'S BEST BET

## RULES OF PLAY for TRIPLE-ZERO ROULETTE

---

The player is betting that ANY 2 CONSECUTIVE GREENS (0 or 00 or 000) will be spun.

The player places the bet in the **2G'S®** Betting Spot.

The ball is spun:

IF a GREEN is spun (0 or 00 or 000), the bet remains in action.

The dealer will place a Marker in the **2G'S®** Betting Spot to show that the bet is still working and that no additional bets can be placed on **2G'S®** until after the very next spin.

The very next spin determines if the **2G'S®** bet wins.

**IF** the very next spin is another GREEN (0 or 00 or 000), the player **WINS AND IS PAID FROM 130 UP TO 165 to 1.**

**IF** the very next spin is not a GREEN, the player loses.

---
