

Game Description

3 Dice Baccarat is a commission-free, house-banked dice game played with two dice shakers/cups (representing the *Player* hand and the *Banker* hand), with each shaker/cup containing three 6-sided dice. The game is scored like *Baccarat*, where the hand's final value is the last digit of the sum of its 3 dice (e.g., 10 = 0, 11 = 1, 12 = 2, 13 = 3, etc.). The hand with the higher value wins. *3 Dice Baccarat* also contains optional bonus wagers that are not dependent on the base game's outcome.

Rules of Play

1. To begin each round, players must place a main game wager (*Player*, *Banker*, *Tie*) or any combination of the three, and may also place any optional bonus and/or progressive wagers.

- a. Alternatively, the operator may choose to allow optional wagers without requiring that a main game wager is placed.

2. Once all wagers are placed, the dealer will shake each dice cup.

Note that at the operator's discretion, the dealer may allow players to shake the dice cup(s) based on wager amounts, number of players, or other criteria. In such cases, the dealer must shake the dice cup(s) before handing them over to player(s), and neither the player nor the dealer can expose the dice prior to the player shaking the cups.

After the dealer reveals the dice, the values of each hand are compared and evaluated as follows:

- a. If the *Player* hand wins,

- i. The *Player* wager wins and pays 1 to 1.

1. If the winning outcome was **3 over 0**, the *Player* wager pushes.

- ii. The *Banker* and *Tie* wagers lose.

- b. If the *Banker* hand wins,

- i. The *Banker* wager wins and pays 1 to 1.

1. If the winning outcome was **3 over 0**, the *Banker* wager pushes.

- ii. The *Player* and *Tie* wagers lose.

- c. If the hands are tied,

- i. The *Tie* wager wins and pays 8 to 1.

- ii. The *Player* and *Banker* wagers push.

3. All optional bonus wagers are reconciled based on their evaluation criteria.
