

321 Jackpot Roulette

Rules of Play

321 Jackpot Roulette is a variation to the standard game of Roulette. 321 Jackpot Roulette is a side bet on three separate spins of the wheel. In the first round, the wager is placed on three numbers. In the second round, the wager is placed on two numbers. In the third round, the wager is placed on one number. The 321 Jackpot Roulette bet is lost if at any time the roulette ball does not land on one of the numbers selected by the player.

Players receive a chip that corresponds to the color of chips they are playing and the round that they are betting on.
