

“7 & Everybody Wins”

Rules of Play

7 & Everybody Wins is a variation of the standard game of Craps that offers players two optional proposition wagers. The '7 and Under' wager wins if the total of the two dice is 7, 6, 5, 4, 3, or 2. The '7 and Over' wager wins if the total of the two dice is 7, 8, 9, 10, 11, or 12. All wagers are resolved after one roll of the dice and winning wagers are paid 5 to 3.

All other aspects of the standard game of craps remain unchanged.
