## **RULES OF PLAY**

“Advantage Play 3 Card Fury” is a 3-card poker style game, played with a standard 52 card deck. The object of the game is to make your best 3-card poker hand to beat the dealer’s 3-card poker hand. Advantage Play 3 Card Fury also contains a bonus side wager that pays odds against the posted pay table.

1. To begin, each player is required to place an Ante and 3 Card Monster wager of equal amounts. The player may also place an optional 4 Card Royal Family Bonus wager.
2. Next, the dealer will deal 3 cards to the dealer followed by 4 cards to each player, all face down.
3. Players then decide whether to play, by placing a ‘Play’ wager equal the amount their Ante wager or Fold.
4. If the player folds, their Ante, 3 Card Monster and 4 Card Royal Family Bonus wagers are lost.
5. If the player chooses to play, the dealer will expose both the player’s and dealer’s hands, determining the best 3 out of 4 card hand for each player.
6. The dealer must qualify with a King High or better.
7. If the dealer qualifies and the player’s hand beats the dealer’s hand, the Ante and Play wagers are paid even money.
8. If the dealer’s hand is a Queen high or less and the player’s hand beats the dealer’s hand, the Ante wager is paid even money and the Play wager will push.
9. If the dealer’s hand qualifies and the player’s hand loses to the dealer’s hand, the Ante and Play wagers are lost.
10. If the dealer’s hand is a Queen high or less and the player’s hand loses to the dealer’s hand, the Ante wager is lost and the Play wager will push.
11. If the dealer’s hand and the player’s hand tie, the Ante and Play wagers push.
