

BET BACKS

Rules of Play

Bet Backs is a variation of the standard game of Craps. Bet Backs offers players the chance to bet on or against the point numbers as follows:

- Betting on the numbers:
 - 4 & 10 - Pays 2 to 1
 - 5 & 9 - Pays 3 to 2
 - 6 & 8 - Pays 6 to 5

Players betting on a point number will have their bet capped with a 'BB' marker. The bet wins if their chosen point appears before a seven is rolled. Otherwise, the Bet Backs side wager is lost. If the player wins, their initial wager and the winnings from the side wager must be 'bet back' on any bet the game offers, the following roll, except another 'bet back' wager.

- Betting against the numbers:
 - 4 & 10 - Pays 1 to 2
 - 5 & 9 - Pays 2 to 3
 - 6 & 8 - Pays 5 to 6

Players betting against a point number will win the Bet Backs side wager if a seven is rolled before their chosen point number. Otherwise, the Bet Backs side wager is lost. If the player wins, their initial wager and the winnings from the side wager must be 'bet back' on any single wager the game offers, the following roll.

- All other bets remain unchanged from the standard game of Craps.
