

“Blackjack Xtra Any Two Card Flush”

Rules of Play

Blackjack Xtra Any Two Card Flush is a variation of the standard game of blackjack. The game is an optional side wager played using a single deck of 52 standard cards. The player wins the side bet if he receives a two card flush using his first two dealt cards. Otherwise, the side wager is lost. If the two card flush is an Ace-King the payout is higher.

All other aspects of the standard game of blackjack remain unchanged.
