

## **Blackjack Xtra Any Two Card Straight V3**

### **Rules of Play**

Blackjack Xtra Any Two Card Straight is a variation of the standard game of blackjack. The player who receives any two card straight in their first two cards, is awarded 3-4-5 to 1. Otherwise, the side wager is lost. A King-Queen combination (suite no considered) straight will pay 10-12 to 1.

The player may bet on their first two cards or the dealer's first two cards.

All other aspects of the standard game of blackjack remain unchanged.
