## Rules of Play

Bonus Blackjack is a variation to the standard game of 21. Bonus Blackjack is an optional side wager that is offered at the first deal of the day after the cards have been shuffled and cut. The side wager is based on the outcome of the player's first two cards and/or the dealer's first two cards.

To begin, players make the standard Blackjack wager and may then wager on the Bonus Blackjack betting spot for the player and/or dealer. If the player and/or dealer receive a Blackjack in their first two cards, the side wager wins.
