

Bonus Keno

Rules of Play

1. Bonus cards must be clearly identified, not to be mistaken with regular Keno game cards.
2. Bonus cards must be numbered to coincide with regular Keno game cards.
3. Players can play up to 20 games.
4. Players can wager from \$1 to \$1,000 per game.
5. Players mark from 1 to 20 spots on the bonus card, and must match the last number drawn in their game to win. (May use Quick Pick option if available.)
6. The last number drawn in each game will be announced as the number drawn and also highlighted, to indicate the winning bonus number.
7. Players can play more than one bonus card in each game.
