

Baccarat w/Bonus Spin Xtreme (BSX)

Rules & Procedures

INTRODUCTION

Bonus Spin Xtreme for Baccarat is an optional fixed amount progressive wager that can be configured for all Baccarat Games. The amount of the wager may be configured as either \$1 or \$5. The player may place the Bonus Spin Xtreme for Baccarat wager at the beginning of the game, at the same time as their main wager. The game is then played as it would be normally.

BSX (TRIGGERING EVENTS)

There are two event triggering options. Option A: Player wins 9-0 Or Banker wins 9-0; Option B: Player wins 8-0 Or Banker wins 8-0. If a qualifying trigger event is met, the wager wins and is awarded the prize in the Triggering Events Table. Otherwise, the wager loses.

Triggering Events		
Event	\$1 Wager	\$5 Wager
Option A: Player wins 9-0 OR Banker wins 9-0	Wheel	Wheel
Option B: Player wins 8-0 OR Banker wins 8-0	Wheel	Wheel

After all wagers have been placed, the dealer will press “Start Round” and lock up all of the side wagers. Roulette is then played per underlying procedures and house rules. All of the main game Roulette wagers will then be settled.

If the Bonus Spin Xtreme side wager meets the criteria for a qualifying trigger event, the dealer will mark on the dealer terminal the player’s qualifying hand and press “Spin”.

While the wheel is spinning only the Bonus Spin Xtreme player’s positions are displayed with participating players highlighted.

If the spin outcome lands on a seat which has not participated (no Bonus Spin Xtreme side wager), then all participating players with side wagers win the community prize randomly picked and indicated by the inner community wheel.

If the spin outcome lands on a seat for a participating Bonus Spin Xtreme player, then the player at the winning position is the Hot-Spot Prize winner and will spin the Hot-Spot wheel.

Note: The Hot-Spot winner only gets paid the Hot-Spot prize and does not get paid the community prize.

Once the spin has been initiated by the player, a spinning wheel animation of the Hot-Spot Prize wheel will appear on the Bonus Spin Xtreme table signage.

Note: Depending on the system settings or sensor malfunction, the dealer may initiate the spin on behalf of the player by pressing the highlighted player position on the dealer terminal.

The dealer completes all players winning payouts for the table.

Options:

Casino operators can choose from the following:

- The amount of the side wager may be configured as either \$1 or \$5.
- The top two tiered prizes for the Hot-Spot Prize can be configured to be a fixed amount or a progressive (primary and secondary).

The progressives are designed to be linkable across other games using Bonus Spin Xtreme (locally only) if the operator chooses.
