

Bonus Spin Xtreme (BSX) for Blackjack Games

Rules of Play

Bonus Spin Xtreme for Blackjack games can be configured as optional or mandatory side wager and features an electronic virtual wheel which is spun when a qualifying trigger event occurs. Bonus Spin Xtreme for Blackjack can be configured for standard Blackjack games using 1, 2, 4, 6, or 8 standard 52-card decks. The amount of the wager may be configured as either \$1 or \$5. If configured as optional the player may place the Bonus Spin Xtreme wager at the beginning of the game, at the same time as their mandatory main wager. If configured as mandatory the player will place the Bonus Spin Xtreme wager at the beginning of the game, at the same time as their mandatory main wager. Bonus Spin Xtreme uses three wheels:

- The Community Prize Wheel (inner wheel) is for all participating Bonus Spin Xtreme players to win if a trigger event occurs.
- The Hot-Spot Wheel (middle wheel) uses an electronic random number generator to choose one of the player positions uniformly at random.
- The Hot-Spot Prize Wheel (outer wheel) is for the participating Bonus Spin Xtreme players that were randomly selected to win a larger prize.

The qualifying Bonus Spin Xtreme trigger event is met when the dealer busts on 26. The wager wins and is awarded the prize in the attached payable. For the configuration of the \$5 wager, if the dealer busts on 25 the player is awarded \$10. If the dealer doesn't have a qualifying hand, the Bonus Spin Xtreme side wager loses.

Important Note: The dealer will always be required to draw out to evaluate the wager, even if all main player wagers have already been resolved through bust or Blackjack.

After all wagers have been placed, the dealer will press "Start Round" and lock up all of the side wagers. Blackjack is then played per underlying procedures and house rules. All of the main game Blackjack wagers will then be settled.

If the Bonus Spin Xtreme side wager meets the criteria for a qualifying trigger event, the dealer will mark on the dealer terminal the player's qualifying hand and press "Spin".

While the wheel is spinning only the Bonus Spin Xtreme player's positions are displayed with participating players highlighted.

If the spin outcome lands on a seat which has not participated (no Bonus Spin Xtreme side wager), then all participating players with side wagers win the community prize randomly picked and indicated by the inner community wheel.

If the spin outcome lands on a seat for a participating Bonus Spin Xtreme player, then the player at the winning position is the Hot-Spot Prize winner and will spin the Hot-Spot wheel.

Bonus Spin Xtreme (BSX) for Blackjack Games

Rules of Play

Note: The Hot-Spot winner only gets paid the Hot-Spot prize and does not get paid the community prize.

Once the spin has been initiated by the player, a spinning wheel animation of the Hot-Spot Prize wheel will appear on the Bonus Spin Xtreme table signage.

Note: Depending on the system settings or sensor malfunction, the dealer may initiate the spin on behalf of the player by pressing the highlighted player position on the dealer terminal.

The dealer completes all players winning payouts for the table.

Options:

Casino operators can choose from the following:

- The operator can configure the side wager as optional or mandatory.
- The amount of the side wager may be configured as either \$1 or \$5.
- The top two tiered prizes for the Hot-Spot Prize can be configured to be a fixed amount or a progressive (primary and secondary).
- The progressives are designed to be linkable across other games using Bonus Spin Xtreme (locally only) if the operator chooses.
