

Casino War Progressive

Rules of Play

“Casino War – Progressive” is a variation of the standard game of Casino War. The game offers an optional progressive side wager in addition to the standard wager.

To begin, players must make the standard Casino War wager and may optionally place the Progressive side wager. The Progressive side wager wins if the player ties the dealer. If the player goes to war and ties the dealer again, the payouts increase.

Certain ties pay more than others and the player must bet at least \$5 on the Progressive side wager. Making the Progressive side wager also entitles a player to the Envy Bonus. If any player at the table wins the top award, all other players who made the Progressive side wager will win an Envy Bonus of \$1,000. The player cannot win an Envy Bonus for his own hand or the dealer's hand.
