

Dynasty Live Multi Baccarat

Rules of Play

Dynasty Live Multi Baccarat is a variation of baccarat played using eight standard decks of 52 cards. The game is played with a live dealer in which players use electronic betting terminals to select from three different baccarat base paytables:

- Commission baccarat
- Dynasty baccarat
- Non-commission baccarat

In addition to the base game, players have the ability to wager on one or more of the following optional side bets:

- Lucky 6
- Kirin
- Phoenix
- Player Pair
- Banker Pair
- Majestic Match – Player
- Majestic Match – Banker

Each game is dealt using standard Baccarat dealing rules and procedures.

The rules and payouts are described below.

Baccarat Variant Rules

The base Dynasty Live Commission Baccarat variant pays as follows:

- All Player bet wins are paid at 1 to 1.
- All Banker bet wins are paid at .95 to 1.
- All Tie bet wins are paid at 8 to 1.
- In the event of a Tie, the Banker and Player hands push.

The base Dynasty Live Non-Commission Baccarat variant pays as follows:

- All Player bet wins are paid at 1 to 1.
- All Banker bet wins are paid at 1 to 1, with the exception of Banker wins on six which are paid at .5 to 1.
- All Tie bet wins are paid at 8 to 1.
- In the event of a Tie, the Banker and Player hands push.

The base Dynasty Live Dynasty Baccarat variant pays as follows:

- All Player bet wins are paid at 1 to 1.
- All Banker bet wins are paid at 1 to 1, with the exception of Banker wins with a three card seven which is a push.
- All Tie bet wins are paid at 8 to 1.
- In the event of a Tie, the Banker and Player hands push.

Baccarat Side Bet Rules

Lucky 6

The Lucky 6 is a stand-alone side wager for Non-commission baccarat that wins if the Banker hand wins with a total of six. The pays are as follows:

- Two card Banker wins with a total of six points are paid at 12 to 1.
- Three card Banker wins with a total of six points are paid at 20 to 1.
- The Lucky 6 bet loses with all other outcomes.

Kirin

The Kirin bet is a stand-alone wager for Non-commission and Dynasty baccarat that wins if the Player hand wins with a three-card total of eight and pays as follows:

- All Kirin bet wins are paid at 25 to 1.
- The Kirin bet loses with all other outcomes.

Phoenix

The Phoenix bet is a stand-alone wager for Dynasty Baccarat that wins if the Banker hand wins with a three-card total of seven and pays as follows:

- All Phoenix bet wins are paid at 40 to 1.
- The Kirin bet loses with all other outcomes.

Player Pair

The Player Pair bet is a stand-alone wager for Commission baccarat that wins if the Player hand's initial two cards form a pair and pays as follows:

- All Player Pair bet wins are paid at 11 to 1.
- The Player Pair bet loses with all other outcomes.

Banker Pair

The Banker Pair bet is a stand-alone wager for Commission baccarat that wins if the Banker hand's initial two cards form a pair and pays as follows:

- All Banker Pair bet wins are paid at 11 to 1.
- The Banker Pair bet loses with all other outcomes.

Majestic Match - Player

The Majestic Match Player bet is a stand-alone wager for all Dynasty Multi-Baccarat game variations that wins if the players first two cards are suited, and pays as follows:

- Suited King and Queen pays 25 to 1
- Any other two suited cards pays 2.5 to 1

Majestic Match - Banker

The Majestic Match Banker bet is a stand-alone wager for all Dynasty Multi-Baccarat game variations that wins if the bankers first two cards are suited, and pays as follows:

- Suited King and Queen pays 25 to 1
- Any other two suited cards pays 2.5 to 1

The terminal will indicate the time remaining to place wagers, then display a 'no more bets' on the terminal screen. The player sees the cards being dealt via video feed and a visual representation of the cards. Additional cards are dealt as needed.

After the dealer has confirmed the play information, winning and/or losing wagers are paid and/or taken to/from each participating player's betting terminal.
