

RULES OF PLAY

1. *Face Up Pai Gow Poker* is a pai gow poker variant played with a 53 card deck, consisting of a standard 52 card deck and one joker. The joker may either complete a straight, flush, straight flush or act as an ace. It plays like conventional pai gow poker, except in which all the dealer cards are exposed first. If the dealer has exactly an ace-high hand "pai gow," then the hand will automatically result in a push (tie). Player's do NOT pay commission on winning hands. Face Up Pai Gow also offers the optional Fortune Bonus and (if available) the Ace-High bonus wagers.
2. To begin each round, players must make their standard Pai Gow wagers. They may also make the, *Fortune Bonus*, and/or (if available) Ace High bonus.
3. The *Fortune Bonus* bet considers the best hand possible among the player's seven cards and is reconciled against an approved posted payable. See payable for odds.
4. Players may bet any amount within table limits; however, a *Fortune Bonus* bet of at least \$5 qualifies them for **Envy Bonus** payouts. If a player wagers at least \$5 on the *Fortune Bonus*, the dealer must place an "Envy" lammer either on top of the *Fortune Bonus* wager or next to it, depending on jurisdictional rules. Players win the **Envy Bonus** when a player at the table receives a four of a kind or higher, excluding the dealer and his/her own hand.
5. The Ace-High bonus wager (if available) pays if the dealer's seven cards are an Ace High Pai Gow. See payable for odds
6. Once all players have made their wagers, the dealer then follows house procedure for pai gow poker

7. After all packets of cards are dealt, the dealer exposes their seven card and, sets it in accordance to the house way.
8. After the dealer's hand is set, and it's determined their hand doesn't contain an Ace-High pai gow, the players set their seven card hand, and standard pai gow play continues.
9. If the dealer's hand is an ace-high "pai gow," all player main wagers are pushed.
10. While reconciling the standard Pai Gow poker wagers, the dealer also reconciles the *Fortune Bonus* and (if available) Ace High bonus.
 - a. If the player's hand qualifies for payouts, the dealer pays the player according to the posted payable.
 - i. Notwithstanding to the payout odds on the approved payable options and subject to gaming regulations, a casino licensee may establish a maximum aggregate amount that is payable per round or per hand. It remains the casino licensee's sole responsibility to post a sign at the table explaining the details and the ramifications of the aggregate win limit. The **Envy Bonus** payout is not an odds based payout and therefore it is not subject to an aggregate limit.
 - ii. The dealer leaves the "Envy" lammer, if applicable, next to the player's original wager and payouts. The dealer will not pick up the envy lammer(s) until all wagers have been reconciled.
 - b. If the player's hand does not qualify for payouts, the dealer takes the players *Fortune Bonus* wager.
 - i. The dealer leaves the "Envy" lammer, if applicable, next to the player's original wager and payouts. The dealer will not pick up the envy lammer(s) until all wagers have been reconciled.
11. The dealer pays all **Envy Bonuses** at the end of the round. If at least one player has a four of a kind or higher, all players with envy lammers win—see payable**. In the event more than one player has at least four of a kind, then all players with envy lammers win multiple payouts.
 - a. A player cannot win the **Envy Bonus** for their own—or the dealer's—hand.
