

Fielder's Choice with Dealer Envy

RULES OF PLAY

Fielder's Choice with Dealer Envy is a collection of three optional side wagers for the standard game of Craps. The available wagers are:

- Left Side or "Left Field"
- Middle or "Center Field"
- Right Side or "Right Field"

All *Fielder's Choice with Dealer Envy* wagers are available at every dice roll, and are resolved immediately after the dice roll, similar to standard Craps Field wagers. Each *Fielder's Choice with Dealer Envy* wager wins if the dice total matches one of the designated values, and loses otherwise. The winning conditions and pays are given in Table 1.

Table 1. Fielder's Choice Pays

Wager	Winning Condition	Pay
Left Field	2, 3 or 4	5 for 1
Center Field	4, 9 or 10	3 for 1
Right Field	10, 11, or 12	5 for 1

Dealer Envy pays are active for the Left Field and Right Field wagers, with 20% of the original wagers being paid to the dealer on a win.

For example, if the player placed \$5 on the Left Field wager and won, then the Dealer will receive \$1.

Dealer Envy pays are not available for the Center Field wagers.
