

# Joker's Wild 21

## Rules of Play

Joker's Wild 21 is a variation to the standard game of 21. The game is played using six decks of 52 cards plus three Jokers, to be used as 'wild cards.' If the player is dealt a joker, it may be declared whatever value the player chooses and used in any manner the player desires (i.e. split, double down, etc.).

If the dealer were to receive a joker, the card would be burned and another card would be dealt to the dealer. All other rules for dealing the standard game would apply.
