

Pocket Rockets Blackjack

Rules of Play

Pocket Rockets Blackjack is played using 2, 4, 6, or 8 standard 52 card decks. Pocket Rockets Blackjack may be played on tables utilizing a Pocket Rockets Blackjack style table layout and shall be dealt and played following the standard rules of blackjack, except as follows:

To begin, the player may place the optional Pocket Rockets Blackjack wager before any cards are dealt and at the same time, they place their main wager. This wager may not exceed the amount of the main Blackjack wager.

Pocket Rockets Blackjack pays on the outcome of the first two (2) cards dealt to the player. Once all players' and dealer's initial first two (2) cards are dealt, the Pocket Rockets Blackjack wager outcome will be determined. Winning Pocket Rockets Blackjack wagers shall be paid according to the posted pay table. If the player's first two cards do not meet a qualifying condition according to the posted pay table, the Pocket Rockets Blackjack wager is lost.

The dealer will then follow standard house procedures for dealing the particular blackjack game that Pocket Rockets is applied to.
