

**Royal 9 Baccarat Progressive** is a side bet for Baccarat games played with either six or eight standard 52-card decks. Each player spot will be assigned one unique Personal King-9 combination that can award a progressive. Personal King-9 combinations must be non-suited and unique to each player seat (ex. King of Clubs & 9 of Diamonds).

**RULES OF PLAY**

1. Players wager on the traditional baccarat wagers. In addition, they may place the optional \$5 Royal 9 Baccarat Progressive side bet.
2. Two cards are then dealt to the Player hand and the Banker hand, per standard baccarat rules. If the Player hand and/or Banker hand has a Royal 9, the Royal 9 Baccarat Progressive side wager wins. If the player's K9 seat combination matches the Player hand and/or Banker hand, the progressive will be awarded (see payable below).
3. If neither the Player hand nor the Banker hand contain a Royal 9, the Royal 9 Baccarat progressive wager is lost.
