

Suited or Booted

Game Description

Suited or Booted is a progressive wager for standard Blackjack games played with 6 or 8 standard 52-card decks. Depending on the chosen payable, the Suited Wheel awards are evaluated using either a four or five-card hand. The four-card hand is formed using the player's first two cards and the dealer's first two cards. The five-card hand is formed using the player's first two cards, their first hit card, and the dealer's first two cards. All other awards are evaluated using the four-card hand.

Note: The 'Suited Wheel' is A234 (four-card hand) or A2345 (five-card hand).

Rules of Play

1. To begin each round, players are required to place a standard Blackjack wager. Optionally, players may also place a *Suited or Booted* progressive wager.
2. The dealer follows house procedures to deal the primary Blackjack game.
3. The dealer then follows house procedures to reconcile primary wagers. **Note:** If a *Suited or Booted* progressive wager was placed:
 - a. The player's first two cards (and first hit card, if the Suited Wheel award(s) can be achieved) must not be discarded in the event of a busted hand, blackjack, or any other instance where a discard would be typical.
4. The dealer then follows house procedures to reconcile *Suited or Booted* progressive wagers and pays according to the corresponding payable.

Notes:

1. All pays are "for 1."
2. Only the highest qualifying hand is paid.
3. In paytables 1-5, Suited Wheel awards are based on a five-card hand, while all other awards are based on a four-card hand.
4. In paytables 6-7, all awards are based on a four-card hand.
5. The above paytables are based off a \$1 wager. If the progressive is configured with a different base wagering unit, the seed and pays should be multiplied accordingly.
