

# UPTOWN DOWNTOWN

## Rules of Play

Uptown Downtown is a dice game played with two six-sided dice. To begin players, make at least one of the twelve available wagers on the following betting areas of the layout.

The UPTOWN wager only loses when a 7 is rolled. When the sum of the dice is equal to 8, 9, 10, or 11 the wager wins. If the sum of the dice is 12 the Uptown wager is pushed. Player lays 5 to win 2.

The DOWNTOWN wager only loses when a 7 is rolled. When the sum of the dice is equal to 3, 4, 5, or 6 the wager wins. If the sum of the dice is 2 the Downtown wager is pushed. Player lays 5 to win 2.

The MIDTOWN wager wins if the sum of the dice rolled is equal to 7. Winning players are paid 4 to 1. If any other sum is rolled the players wager is lost.

The ODD NUMBERS wager wins when the sum of the dice rolled is 5, 7, 9 or 11. Winning players are paid 1 to 1. If the sum of the dice is a 3 the Odd Numbers wager is pushed. If any other sum is rolled, the players wager is lost.

The EVEN NUMBERS wager wins if the sum of the dice rolled is 4,6,8 or 10. Winning players are paid 1 to 1. If the sum of the dice is 2 or 12, the Even Numbers wager is pushed. If any other sum is rolled the players wager is lost.

The COMBO BET #1 wager wins if the sum of the dice rolled is a 2 or 12. Winning players are paid 15 to 1. If any other sum is rolled the players wager is lost.

The COMBO BET #2 wager wins if the sum of the dice rolled is a 3 or 11. Winning players are paid 7 to 1. If any other sum is rolled, the players wager is lost.

The COMBO BET #3 wager wins if the sum of the dice rolled is a 3 or 4. Winning players are paid 6 to 1. If any other sum is rolled, the players wager is lost.

The COMBO BET #4 wager wins if the sum of the dice rolled is a 5 or 6. Winning players are paid 5 to 2. If any other sum is rolled the players wager is lost.

The COMBO BET #5 wager wins if the sum of the dice rolled is an 8 or 9. Winning players are paid 5 to 2. If any other sum is rolled, the players wager is lost.

The COMBO BET #6 wager wins if the sum of the dice rolled is a 10 or 11. The winning player is paid 6 to 1. If any other sum is rolled, the players wager is lost.

The ANY PAIR BET wager wins if any pair of 1's, 2's, 3's, 4's, 5's or 6's are rolled. Winning player is paid 4 to 1, but if a pair of 6's are rolled winning player is paid double or 8 to 1.

**All wagers except the Uptown or Downtown wagers are resolved after a single roll of the dice. Uptown and Downtown wagers only lose when a 7 is rolled.**

**Note: Shooter continues to control dice until a 7 is rolled.**
