RULES OF PLAY

Nevada

Game Description

Lucky Ladies – Version 7 is an optional bonus and progressive wager for both standard Blackjack and Blackjack-variant games and can be played with 2-8 standard, 52-card decks. The object of *Lucky Ladies* is for the player's first two cards to equal a total of 20 and are paid according to the corresponding payable(s). Certain hands include the dealer's up-card, along with the player's first two cards, to form a 3-card hand. The *Lucky Ladies* wager is not dependent on the base game's outcome.

Rules of Play

1. To begin each round, players must place a standard base game wager and may also place an optional *Lucky Ladies* bonus and/or progressive wager.
2. After all wagers have been placed, two cards are dealt to each player face up and two cards are dealt to the dealer, one face up and one face down, per standard blackjack dealing procedures.
3. The dealer then reconciles all *Lucky Ladies* wagers based on the player's first two cards, or the player's first two cards and the dealer's up card.
 - a. Note that the certain top awards are based on a player Queen of Hearts Pair **with** a dealer blackjack.
4. The primary game is now played to completion.
