

Ride Free Monopoly Edition Rules of Play

Game Description

Ride Free MONOPOLY Edition is a house-banked, blackjack-variant using 1, 2, 5, 6, or 8 standard 52-card decks. The game gives players the option to split and/or double specific hands for free. The object of the game, as in standard Blackjack, is to have a higher point total than the dealer without busting the hand. *Ride Free MONOPOLY Edition* contains optional bonus wagers that are not dependent on the base game's outcome.

Rules of Play

1. To begin each round, players are required to place a main wager. Each player may also place a wager on any of the available optional bonus wagers.
2. Once all wagers are placed, each player receives two cards face up and the dealer receives one card face up and one card face down.
3. Standard blackjack rules apply throughout the game, with the exception of the following rules:
 - *Ride Free Split*
 - Players may split any pairs, except 10-valued cards without making an additional wager.
 - A *Ride Free* lammer (matching the original wager) will be placed to the right of the original wager.
 - Players may re-split hands for free (up to four split hands).
 - Player's winning hands are paid by replacing the lammer(s) with amount equal to original wager.
 - Players receive their original wager only when hands result in a push.
 - If a player has made a *Free Parking* wager, the lammers are moved to a spot in front of the *Free Parking* wager once the hands are reconciled, regardless of the hand's outcome.
 - If a player has not made a *Free Parking* wager, the lammers are collected by the dealer once the hands are reconciled, regardless of the hand's outcome.
 - Hands not eligible for a *Ride Free Split* can still be split following standard procedures with an additional wager.
 - Up to four split hands.
 - Aces may be re-split, one card to split Aces.
 - *Ride Free Double*
 - Players may double on any 2-card hard total of 9, 10, or 11 for free using a *Ride Free* lammer in place of the additional wager, including after splitting (standard and *Ride Free* splits). Players receive a lammer for each *Ride Free Double* hand.
 - A *Ride Free* lammer (matching the original wager) will be placed to the right of the original wager.
 - Player's winning hands are paid by replacing the lammer(s) with amount equal to original wager.
 - Players receive their original wager only when hands result in a push.
 - If a player has made a *Free Parking* wager, the lammers are moved to a spot in front of the *Free Parking* wager once the hands are reconciled, regardless of the hand's outcome.
 - If a player has not made a *Free Parking* wager, the lammers are collected by the dealer once the hands are reconciled, regardless of the hand's outcome.
 - Any two-card hands not eligible for a *Ride Free Double* can still be doubled following standard procedures with an additional wager, including after splitting.
