Hello good Morning. My name is Gustavo E Perez.

Being born and raised here in Vegas going 37 years this September. I've seen a lot of growth and expansion in my beautiful city of Las Vegas, NV. Having both my parents worked Union jobs and are now retired. I would like to have that same job security, same outcome not only for me but for my family. I've been working at Green Valley Resort Spa and Casino as a bartender for almost 10years. I love serving our locals, getting to know our locals making memories giving them the same experience they would get on the strip but better at Stations Casinos properties. But I feel all of Las Vegas Strip is union why not the 4th largest gaming company in Las Vegas?

Good morning. Aira Duyanen for the Culinary Union. My comments this morning are about the loss of housing, loss of security, and loss of health of Station Casinos employees.

Station Casinos faces one of the largest labor law enforcement actions in U.S. history. This law enforcement case involves thousands of employees across 10 casinos.

Here are some examples from public comments this body has heard before about the perils faced by Station employees, many of whom spent years working their way up to a secure rank only to have it taken away and all who suffered violations of their rights as provided by U.S. labor law.

1. An A-List banquet server's family lost their house after 14 years of dedicated service.
2. A dedicated A-Lister lost the mortgage for a new home build after 14 years of dedicated service.
3. Another lost a retirement plan when their layoff forced them to cash it out after 14 years of dedicated service.
4. A full-time server lost the financial security that allowed her to care for her disabled mother after 14 years of dedicated service.
5. A full-time cook's helper lost their higher wage and was demoted to a lower wage after 6 years of dedicated service.
6. A full-time server lost their health and suffers from depression after 14 years of dedicated service.
7. A dedicated server lost their job, was denied rehire and was temporarily homeless after 20 years of dedicated service.

These are the people that power the industry you regulate. The Culinary Union will never let Station Casinos get away with what it did to gaming industry workers during a national crisis. A Nevada gaming

license holder, like Station Casinos, is not above the state or federal law and we believe Stations will face the consequences of its actions.
