NOTICE TO LICENSEES

Notice #2026-56

Issuing Division: Audit

DATE: October 1, 2026

TO: All Group I Nonrestricted Licensees and Interested Persons

FROM: Chandeni K. Sendall, Board Member

SUBJECT: Adoption of Revised Minimum Internal Control Standards

The Nevada Gaming Control Board has completed final revisions to the Minimum Internal Control Standards (MICS). Therefore, pursuant to Regulation 6.090(5), the Board intends to adopt Version 9.1 of the following sections:

- Card Games
- Interactive Gaming

The above MICS sections, each with an effective date of December 1, 2026, are available on the Board's website at <https://www.gaming.nv.gov>. Each of the sections indicate the changes from Version 9 of the standards with blue text for additions and red strikethrough for deletions. The drafts will be posted on the Board's website until January 1, 2027. The final version of the standards will be available on the website prior to December 1, 2026.

As provided in Regulation 6.090(6), any Group I nonrestricted licensee may object to any newly adopted or modified standards within thirty days from the date of this notice. Objections must contain a reference to the specific MICS, by section and by number, and must identify specific concerns. Detailed descriptions of concerns are necessary for the Nevada Commission to evaluate objections. Objections must be submitted in writing to the Commission at the following address:

Nevada Gaming Commission
P.O. Box 8003
Carson City, Nevada 89702-8003

Written objections should be received by the Commission no later than November 1, 2026.

If your objections relate to procedures that are unique to your operation and would not benefit all Group I licensees, please consider the provisions of Regulation 6.090(8) as an alternative to filing an objection. Regulation 6.090(8) allows a licensee to seek approval from the Board Chair for variations from the standards when a licensee's alternative procedures would satisfy the objectives of internal control described in Regulation 6.090(1).

If no objections are received, MICS Version 9.1 will become effective on December 1, 2026. However, compliance with the new standards will not be required until January 1, 2027. Prior to January 1, 2027, a notice will be sent indicating the final effective date of the adopted MICS and the date compliance with the new standards is required. All written systems of internal control must be in compliance with the revised standards in advance of the compliance date.

Due to the ongoing nature of the MICS revisions process, it is recommended that you periodically check the Board's website at <http://gaming.nv.gov> for new developments and information.

Please contact the Board's Audit Division if you have any questions.
