## TIGER BACCARAT

---

### SUMMARY:

Tiger Baccarat is a modification of Baccarat by offering addition side bets.

The game uses eight (8) standard fifty-two (52) card decks.

The rules and payouts are described below:

---

### BASE GAME:

The base game uses the standard Baccarat rules. The payouts are:

- If the patron wagers on the Player and the Player bet wins; the patron is paid 1 to 1.
- If the patron wagers on the Banker and the Banker bet wins; the patron is paid 1 to 1. All winning Banker wagers are charged a 5% commission.
- If the patron wagers on the Tie and the Tie bet wins; the patron is paid 8 to 1.
- If the patron wagers on the Player or Banker and the Tie bet wins; the wager is pushed.

### TIGER PAIR SIDE BET

Tiger Pair is an independent side bet that wins if the first two (2) cards dealt to the Banker or Player respectively are a pair; the patron is paid 4 to 1. If both Banker and Player are dealt a pair that are not identical; the patron is paid 20 to 1. If both Banker and Player are dealt identical pairs (10♠, 10♥, 10♣, and 10♦) the patron is paid 100 to 1.

### TIGER SIDE BET

Tiger is an independent side bet that wins if the banker wins with a point total of six (6) with either two (2) or three (3) cards. The payout schedule is as follows:

3-Card Banker win of 6 pays 20 to 1

2-Card Banker win of 6 pays 12 to 1

All other outcomes lose.
