NEVADA GAMING COMMISSION REGULATIONS IDENTIFIED FOR CONSIDERATION PURSUANT TO EXECUTIVE ORDER 2026-003
AS RECOMMENDED BY THE NEVADA GAMING CONTROL BOARD AT ITS MEETING ON OCTOBER 7, 2026

REGULATIONS IDENTIFIED FOR POSSIBLE STREAMLINING, CLARIFICATION, REDUCTION, REMOVAL, OR OTHER IMPROVEMENT AND POSSIBLE INCLUSION IN THE REPORT TO THE GOVERNOR'S OFFICE.

Priority*	NGC Regulation	Source of Recommendation	Type of Consideration	Provision/Issue Identified	Recommended Improvement	Basis/Expected Benefit	Board Determination
	10.060 Roster of Enrolled Agents	Nevada Gaming Commission/ Executive Secretary	Other Improvement	Regulation 10 does not expressly provide a process for an enrolled agent to voluntarily withdraw or for removal of an enrolled agent who is deceased.	Consider establishing a process for voluntary withdrawal and administrative removal of a deceased enrolled agent.	Clarifies the administrative process for maintaining an accurate roster.	Recommended to Commission
	30.222(5) Board of stewards: authority; jurisdiction	Enforcement	Clarification/Other Improvement	The provision authorizes entry and searches involving property and areas used for racing, including areas or property used by a licensee, but does not expressly identify a licensee as a "person."	Consider clarifying that a licensee is included as a "person."	Clarifies the scope of the provision, reduces ambiguity, and promotes consistent application.	Recommended to Commission
	30.222(6) Board of stewards: authority; jurisdiction	Enforcement	Clarification	NGC Regulation 30.222 currently authorizes certain searches of property and areas used for racing under subsection 5 but does not separately establish search authority and consent requirements for persons and personal property within restricted areas.	Consider adding a new subsection to establish search authority within restricted areas and a notice and consent framework for persons entering those areas, including the use of conspicuous signage at restricted-area entrances, if Legal Counsel determines that such signage is permissible and sufficient under applicable statutes and regulations.	Clarifies the scope of search authority within restricted areas and provides advance notice to persons entering those areas, promoting consistent enforcement while preserving appropriate regulatory safeguards.	Recommended to Commission

AS RECOMMENDED BY THE NEVADA GAMING CONTROL BOARD AT ITS MEETING ON OCTOBER 7, 2026

Priority*	NGC Regulation	Source of Recommendation	Type of Consideration	Provision/Issue Identified	Recommended Improvement	Basis/Expected Benefit	Board Determination
	30.097 "Maiden" defined	Enforcement	Clarification	The definition relies on references to the Daily Racing Form or another publication approved by the state steward.	Consider updating the definition to use current racing terminology and remove outdated publication references.	Clarifies and modernizes the definition and promotes consistent interpretation and application.	Recommended to Commission
	5.170(2) Programs to address problem gambling	Tax & License	Other Improvement/ Clarification	The provision requires responsible gaming materials that reference the National Council on Problem Gambling or a similar entity approved by the Board Chair.	Consider updating the provision to reference Nevada-specific responsible gaming resources.	Improves clarity for patrons and directs individuals to Nevada-specific information and referral resources	Recommended to Commission
	9.010(2)(a)(2) and 9.010(2)(b)(2) Surrender of license	Tax & License	Reduction/ Unnecessarily Burdensome	Certain closures or surrender of a gaming establishment require the physical gaming license to be returned to the Board.	Consider allowing the gaming license to be properly disposed of rather than physically returned to the Board.	Removes an unnecessary administrative requirement and reduces burden on licensees and Board staff without affecting regulatory oversight.	Recommended to Commission
	14.330(1) Sale of gaming devices displayed or used in a private residence	Tax & License	Reduction/ Modernization	The regulation limits private sales to two gaming devices during a 12-month period.	Consider increasing the number of privately owned gaming devices a person may sell during any 12-month period, while retaining the existing approval requirement and prohibition on use or play.	Provides greater flexibility for private sales while retaining a numerical limit and existing Board approval requirements.	Recommended to Commission

Priority*	NGC Regulation	Source of Recommendation	Type of Consideration	Provision/Issue Identified	Recommended Improvement	Basis/Expected Benefit	Board Determination
	14.023 & 14.024 Independent Contractors.	Technology	Removal/Inconsistent with Current Practice	The regulations establish requirements governing manufacturers' agreements with and responsibilities for independent contractors that are rarely utilized under current practices	Consider repeal of the independent contractor provisions, which are rarely utilized under current regulatory and industry practices.	Removes requirements rarely applied in current practice, reducing unnecessary regulatory burden and aligning the regulations with current industry and regulatory practices.	Recommended to Commission
	14.090(1) Certification by manufacturer	Technology	Streamlining/ Modernization	The gaming-device evaluation process requires the Board's evaluation report to be sent to the manufacturer and returned within a specified period.	Evaluate whether the existing evaluation report requirement should be eliminated or replaced with a streamlined compliance report.	Eliminates unnecessary administrative steps and focuses documentation on compliance with applicable technical requirements while preserving regulatory oversight.	Recommended to Commission
	14.110 Approval to modify gaming devices	Technology	Clarification/ Modernization	The regulation contains procedures governing gaming-device modifications, including emergency modifications and related technical-standard waivers.	Consider clarifying and modernizing the procedures governing emergency modifications and related approval requirements.	Improves administrative efficiency while preserving the Chair's oversight and formal approval requirements.	Recommended to Commission

	6.010(10) - CPI Adjustment	Audit	Clarification	The amounts of annual gross revenue provided for in subsections 7 and 8 shall be increased or decreased annually in an amount corresponding to the percentage of increase or decrease in the Consumer Price Index (All Items) published by the United States Department of Labor for the preceding year.	Consider correcting the subsection references to subsections 8 and 9.	Ensures the applicable annual gross revenue thresholds are adjusted consistently and as intended by correctly referencing the applicable subsections.	Recommended to Commission
	6.010(5) - Electronic Transfer Definition	Audit	Clarification/ Outdated	The definition of "electronic transfer" references specific technologies, including electronic terminals, telephones, magnetic tape, computers, and modems.	Consider replacing the technology-specific references with technology-neutral terminology covering electronic transmission of information, data, records, reports, or documents.	Modernizes the definition and allows the regulation to accommodate current and future methods of electronic transmission.	Recommended to Commission
	6.090(3)(b) & 6.100 (2)(b) - Internal Control Notices	Audit	Streamlining/ Outdated	These provisions require physical mailing of notice regarding proposed minimum standards or revisions in addition to posting on the Board's website.	Consider replacing the physical mailing requirement with electronic notice through publication on the Board's website.	Removes an outdated burden and cost while maintaining public and industry access to proposed changes.	Recommended to Commission

Priority*	NGC Regulation	Source of Recommendation	Type of Consideration	Provision/Issue Identified	Recommended Improvement	Basis/Expected Benefit	Board Determination
	6.150(2)(b) - Min. Bankroll requirements	Audit	Streamlining/ Outdated/ Burdensome	The provision requires physical mailing of notice regarding proposed bankroll-formula revisions in addition to posting on the Board's website.	Consider replacing the physical mailing requirement with electronic notice through publication on the Board's website.	Reduces administrative burden and cost while maintaining timely access to proposed changes.	Recommended to Commission
	8.030(6)(a) - Transfer of interest	Investigations	Reduction/ Unnecessarily Burdensome	The provision requires certificates evidencing a possessory security interest, if certificated, to remain physically within Nevada. Licensees have reported difficulty locating entities willing to retain the certificates and incur costs to satisfy the physical-retention requirement.	Consider allowing certificates to be maintained digitally rather than physically within Nevada, provided they remain available to the Board for inspection upon demand.	Reduces unnecessary cost and administrative burden on gaming licensees while preserving the Board's ability to promptly inspect the certificates.	Recommended to Commission
