14.045 Minimum standards for inter-casino linked systems.

All inter-casino linked systems submitted for approval shall:

1. In the case of an inter-casino linked system featuring a progressive payoff schedule that increases as the inter-casino linked system is played, have a minimum rate of progression for the primary jackpot meter of not less than ~~[-4]~~ .1 of one percent of amounts wagered. In the case of an inter-casino linked system featuring a progressive payoff schedule that increases over time, have a minimum rate of progression for the primary jackpot meter of not less than one hundred dollars per day. The provisions of this subsection do not prevent an operator of an inter-casino linked system from limiting a progressive payoff schedule as allowed by subsection 5 of section 5.112 of these regulations.

2. Have a method to secure data transmissions between the games and devices and the main computer of the operator of an inter-casino linked system, as approved by the Board.
3. Display the rules of play and the payoff schedule.
4. Meet the applicable minimum standards for internal control that have been adopted pursuant to section 6.090 of these regulations.
