~~**20.020 License required; finding of suitability for a person providing transmission services; applications.**~~

~~1. Applications for disseminator licenses submitted pursuant to NRS 463.430, or applications for a finding of suitability submitted pursuant to NRS 463.168 by a person providing transmission services in association with a disseminator, must be made, processed, and determined in the same manner as applications for nonrestricted gaming licenses, using such forms as the Chair may require or approve.~~

~~2. Except as provided in subsection 3, no person who owns, controls, or has any interest of any kind in a company or other enterprise that must hold a disseminator license, nor any person who applies for or holds a disseminator license, nor any employee or agent of any such persons, may hold a gaming license.~~

~~3. The Commission may grant a disseminator license to a person who holds a license to operate and who operates a race book or sports pool. A disseminator license issued to such a person authorizes the person:~~

~~(a) To disseminate only live broadcasts;~~

~~(b) To contract with not more than one track or association of tracks at a time for the purpose of disseminating live broadcasts; and~~

~~(c) To disseminate live broadcasts from not more than one track at a time.~~

~~**20.025 Information regarding post time.** The disseminator who provides live broadcasts shall, for a reasonable fixed fee, or if otherwise required by any contractual agreement by and between the disseminator and buyer, provide the post times of such races to buyers as soon as the disseminator makes that information available to users.~~

~~**20.030 Rates and billings; user reports.**~~

~~1. For live broadcasts of racing meets that were distributed within Nevada during the previous year, disseminators shall charge users a percentage of the amounts wagered at each user's establishment on the live broadcast races, which must not exceed the lesser of the effective percentage rate of the previous year's racing meet as increased by one half of 1 percent, or:~~

~~(a) Three percent if the previous year's average daily handle generated by such races at all users' establishments did not exceed \$150,000;~~

~~(a) A racing meet may be considered to be substantially different from the previous year's racing meet if:~~

~~(1) The racing meet was broadcast during a substantially different time of the year the previous year;~~

~~(2) The racing meet was broadcast during a substantially different time of the day the previous year;~~

~~(3) The racing meet was modified to include new tracks;~~

~~(4) The racing meet was modified to exclude tracks from which racing was previously broadcast; or~~

~~(5) There has been a substantial increase or decrease in the number of racing days.~~

~~(b) If the average daily handle generated by new or substantially different races at all users' establishments is determined at the conclusion of the racing meet to exceed \$150,000, the disseminator shall, not later than 60 days after the conclusion of the racing meet, determine the applicable percentage rate for that meet using the standards of subsection 1 and shall rebate to each user on a pro rata basis determined from each user's handle, the amount of fees collected in excess of the amount that could have been charged pursuant to subsection 1 if the racing meet had been distributed the previous year or if it was not substantially different from the previous year's meet.~~

~~3. The Commission Chair may, in the Commission Chair's sole and absolute discretion, permit a disseminator to charge users a percentage rate greater than that permitted by subsections 1 and 2 of this section, if the disseminator proposing to distribute the live broadcast and the users, who during the previous year generated at least sixty-six and two-thirds percent of the average total daily handle for a particular racing meet, file a petition with the Commission requesting that the rate be modified for that particular racing meet. The petition must state the rate the users agree to pay the disseminator and must be signed by the chief executive officer, or the chief executive officer's designee, of each user supporting the petition. The petition must be filed prior to submitting a proposal pursuant to Regulation 21 for the exclusive right to disseminate a live broadcast for that racing meet. The petition must include an affidavit of mailing that sets forth the date of mailing and that certifies that a copy of the petition has been sent to all users and other disseminators. All users that have not signed the petition and other disseminators shall have 10 calendar days from the date set forth in the affidavit of mailing or by such date as specified by the Chair in which to file with the Commission any comments or opposition to the petition. The Commission Chair shall consider the interests of the users, the disseminators, and the state in determining whether the Commission Chair will approve a rate greater than that permitted by subsection 1 or 2 of this section. If the Commission Chair does not allow a different rate, the disseminator and users who have filed the petition may appeal that decision to the full Commission. The appeal must be filed with the Commission within 7 calendar days of the Chair's decision or by such date as specified by the Chair. The appeal must include an affidavit of mailing that sets forth the date of mailing and that certifies that a copy~~

~~of the appeal has been sent to all users and other disseminators. All users that did not sign the petition and other disseminators shall have 7 calendar days from the date set forth in the affidavit of mailing or by such date as specified by the Chair in which to file with the Commission any comments or opposition to the petition. The decision of the Commission is final.~~

~~4. For services other than live broadcasts, disseminator shall charge buyers a fixed fee determined in advance.~~

~~5. A disseminator shall not offer or provide a service to a buyer or user at a fee or a percentage rate different from that charged to every other buyer or user for the same service.~~

~~6. Each disseminator shall regularly provide each of its buyers with a written statement of charges, separately identifying the services provided and the amount charged for each service.~~

~~7. Each buyer and user shall file monthly with the Board a written report, itemized by track, of the amounts wagered at the buyer's or user's establishment of races and events for which a disseminator supplies the buyer or user with horse or other racing information used to determine winners or payoffs on the wagers. These reports must separately disclose the amounts wagered and the resultant gross revenue on live broadcast races, pari-mutuel races and non-live broadcast/non-pari-mutuel races. Buyers and users shall file each report with the Board and users shall furnish a copy of each report to the disseminator not later than the 15th day of the month after the month covered by the report. If the Board at any time discovers discrepancies between amounts wagered at a buyer's or user's establishment and amounts charged or paid for disseminator services, the Board may so inform the buyer or user and disseminator. Each buyer and user shall permit its disseminator to examine such records of the buyer or user as are necessary to verify the accuracy of the buyer's or user's monthly reports. It shall be an unsuitable method of operation for any disseminator, except with the prior written approval of the Chair, to disclose to any person the contents of any report received or record examined pursuant to this subsection.~~

~~20.040 Rate changes.~~

~~1. Disseminators shall notify the Board and each affected buyer of any rate increase at least 30 days before the effective date of the increase, stating in detail the reasons for the increase. A buyer affected by a rate increase may, within 30 days after receiving notice of the increase, file written objections with and request a hearing before the Commission. The filing of an objection does not operate to stay the effectiveness of the rate increase, but the Chair may grant a stay on such terms and conditions as the Chair deems appropriate. The Commission may grant or deny the request for hearing at its sole and absolute discretion.~~

~~2. If the Commission grants a buyer's request for a hearing pursuant to subsection 1, the Commission shall give all buyers and disseminators written notice of the hearing at least 20 days in advance of the hearing. The notice must specify the time and place of the hearing and fairly summarize its purposes.~~

~~3. At the hearing, all interested parties may be heard and may present evidence in support of or in opposition to the rate increase.~~

~~4. At the conclusion of the hearing, the Commission may set or adjust the rates to be charged, determine the nature and extent of the services to be provided, order a refund, or take such other action as the Commission considers appropriate. The Commission shall make its determinations based upon the evidence and testimony presented at the hearing. The determinations of the Commission must be in writing and must specify the applicable rates and the effective dates of such rates or the amount of any refund.~~

~~5. The determination of the Commission is final, binding, and conclusive upon the disseminator and all affected buyers.~~

~~6. This section does not apply to a rate increase for a live broadcast.~~

~~20.050 Disseminator reports. [Repealed: 1/27/11.]~~

~~20.060 Records.~~

This report must be created no later than 15 days after the end of the calendar quarter.~~

~~4. Each disseminator shall create and maintain detailed schedules which depict the revenues, expenses, and results of operations for each live broadcast racing meet.~~

~~5. Upon request, each disseminator, buyer, and user shall provide a written consent to the Board or Commission to examine and copy any and all records of any~~

~~telephone, telegraph, or similar communications company or utility that may pertain to the operation of the disseminator, buyer, or user.~~

~~6. Disseminators, buyers, and users shall create and maintain the records required by this regulation in such manner and using such forms as the Chair may require or approve. The Chair may require disseminators, buyers, and users to create and maintain such other records and reports as are necessary or convenient for strict regulation of disseminators, buyers, and users. Disseminators, buyers, and users shall preserve the records required by this regulation for at least 5 years after they are made. The Board may at any time examine and copy the records of any disseminator, buyer, or user.~~

The financial statements must be submitted to the Board not later than 120 days after the last day of the disseminator's business year. In the event of a change in business entity, or a change in the percentage of ownership of more than 20 percent, the licensee or former licensee shall, not later than 120 days after the event, submit to the Board one copy of reviewed financial statements covering the period since the period covered by the previous statement. If a change in business entity, or a change in the percentage of ownership of more than 20 percent occurs within 120 days after the end of the business year for which a statement has not been submitted, the licensee may submit statements covering both the business year and the final period of business. In the event of a license termination, the Chair may require the disseminator to submit to the Board one copy of reviewed financial statements covering the period since the period covered by the previous financial statement. In the event a new license is granted within 120 days prior to the end of the business year, the licensee may submit financial statements for this period in conjunction with the financial statements for the first full business year, not later than 120 days after the end of the first full business year.~~

~~2. Each disseminator shall engage an independent accountant who shall review the financial statements in accordance with the statements on standards for accounting and review services, or, if the Chair requires or the disseminator engages him or her to do so, the independent accountant shall audit the statements in accordance with generally accepted auditing standards.~~

~~3. Unless the Chair approves otherwise in writing, the statements must be presented on a comparative basis. Consolidated financial statements may be filed by commonly owned or operated establishments, but the statements must distinguish the activities of each establishment from those of the other establishments.~~

~~4. If a disseminator changes its business year, the disseminator shall prepare financial statements covering the period from the end of the previous business year to the beginning of the new business year (the “stub” period). 1. A book and its employees and agents shall not knowingly allow, and each book shall take reasonable steps to prevent, the circumvention of ~~[Regulation]~~ *section* 22.061 by multiple wagers within its designated 24-hour period with a patron or a patron's agent or by the use of a series of wagers that are designed to accomplish indirectly that which could not be accomplished directly. As part of a book's efforts to prevent such circumventions relative to ~~[Regulation]~~ *section* 22.061 a book shall establish and implement wagering multiple transaction logs.

2. Each book shall record in a wagering multiple transaction log all nonpari-mutuel wagers in excess of \$5,000, or in smaller amounts that aggregate in excess of \$5,000 when any single officer, employee, or agent of the book has actual knowledge of the wagers or would in the ordinary course of business have reason to know of the wagers between the book and a patron or a person who the book knows or has reason to know is the patron's confederate or agent. This record shall be made for nonpari-mutuel wagers occurring during a designated 24-hour period, within a monitoring area.

3. Each log entry in a wagering multiple transaction log shall be made by the employee accepting or approving the wager, immediately after accepting the wager, and shall include at a minimum:

One log shall be maintained for each monitoring area, for each designated 24-hour period. A log is completed for each 24-hour period regardless of whether any nonpari-mutuel wagers occurred. At the conclusion of each designated 24-hour period, the last entry on a log which is recorded manually shall be an indication that the end of the designated 24-hour period has occurred. A book shall not implement alternative procedures or records to comply with this subsection without the written approval of the Chair. 4. Each book shall aggregate all nonpari-mutuel wagers in excess of \$5,000 or smaller amounts when any single officer, employee, or agent of the book has actual knowledge of the wagers or would in the ordinary course of business have reason to know of the wagers between the book and a patron or a person who the book knows or has reason to know is the patron's confederate or agent during a designated 24-hour period within a monitoring area.

5. Before completing a wager that, when aggregated with other wagers pursuant to subsection 4, will aggregate to an amount that will exceed \$10,000, the book shall complete the identification and recordkeeping requirements described in subsection 1 of ~~[Regulation]~~ section 22.061. When aggregated wagers exceed \$10,000, the book shall complete the recording and reporting requirements of ~~[Regulation]~~ section 22.061.

6. If a patron places a wager that pursuant to subsection 4 is to be aggregated with previous wagers for which a record has been completed pursuant to this section or ~~[Regulation]~~ section 22.061, the book shall complete the identification, recordation and reporting procedures described in ~~[Regulation]~~ section 22.061 for any additional wager regardless of amount occurring during a designated 24-hour period.
