2. Responsibility for the employment and maintenance of suitable methods of operation rests with the licensee, and willful or persistent use or toleration of methods of operation deemed unsuitable will constitute grounds for license revocation or other disciplinary action.

(Amended: 1/69.)

5.011 Grounds for disciplinary action.

1. The Board and the Commission deem any activity on the part of a licensee, registrant, or person found suitable by the Commission, or an agent or employee thereof, that is inimical to the public health, safety, morals, good order, or general welfare of the people of the State of Nevada, or that would reflect or tend to reflect discredit upon the State of Nevada or the gaming industry, to be an unsuitable method of operation and shall be grounds for disciplinary action by the Board and the Commission in accordance with the Nevada Gaming Control Act and the regulations of the Commission. The following acts or omissions, without limitation, may be determined to be unsuitable methods of operation:

(a) Failure to exercise discretion and sound judgment to prevent incidents which might reflect on the repute of the State of Nevada and act as a detriment to the development of the industry.

(b) Permitting a person who is visibly impaired by alcohol or any other drug to participate in a gaming activity.

(c) Complimentary service of intoxicating beverages in the casino area to a person who is visibly impaired by alcohol or any other drug.

(d) Failure to conduct advertising and public relations activities in accordance with decency, dignity, good taste, honesty and inoffensiveness, including, but not limited to, advertising that is false or materially misleading.

(e) Catering to, assisting, employing, or associating with, either socially or in business affairs, persons of notorious or unsavory reputation or who have extensive police records, or persons who have defied congressional investigative committees, or other officially constituted bodies acting on behalf of the United States, or any state or jurisdiction of the United States, or persons who are associated with or support subversive movements, or the employing either directly or through a contract, or any other means, of any firm or individual in any capacity where the repute of the State of Nevada or the gaming industry is liable to be damaged because of the unsuitability of the firm or individual or because of the unethical methods of operation of the firm or individual.

(f) Employing in a position for which the individual could be required to be licensed as a key employee pursuant to the provisions of section 3.110 of these Regulations, a person who has been denied a gaming license or has had his or her gaming license revoked by the Commission on the grounds of unsuitability, or who has failed or refused to apply for licensure as a key employee when so requested by the Commission.

(g) Employing in a gaming operation a person whom the Commission or a court has found guilty of cheating or using an improper device in connection with a game, whether as a licensee, dealer, or player at a licensed game or device; as well as a person whose conducting of a licensed game as a dealer or other employee of a licensee resulted in revocation or suspension of the license of such licensee.

(h) Failure to comply with or make provision for compliance with all federal, state, or local laws and regulations and with all conditions and limitations approved by the Commission relating to the operations of a licensed gaming establishment or other gaming business, including, without limitation, those relating to:

(j) Conducting, carrying on, operating, or dealing any cheating or thieving game or device on the premises, either knowingly or unknowingly, which may have been marked, tampered with or otherwise placed in a condition, or operated in a manner, which tends to deceive the public, or which might make the game more liable to win or lose, or which tends to alter the normal random selection of criteria which determine the results of the game.

(k) Failure to conduct gaming operations in accordance with proper standards of custom, decorum, and decency, or permit a type of conduct in a gaming establishment that reflects or tends to reflect on the repute of the State of Nevada and act as a detriment to the gaming industry.

2. The Commission, in the exercise of its sound discretion, may make its own determination as to whether or not a licensed gaming establishment or other gaming business has failed to comply with a law or regulation described in paragraph (h) of subsection 1, but any such determination shall make use of established precedents when interpreting the applicable statute. Nothing in this section affects the right of a licensee to judicial review.

3. As used in this section, "other gaming business" has the meaning ascribed to it in subsection 5 of section 5.250 of these Regulations.

In the case of craps, keno and faro games the foregoing requirement will be satisfied if published payoff schedules are maintained in a location readily accessible to players and notice of the location of such schedule is posted on or adjacent to the table. In the case of slot machines, the foregoing requirements will be satisfied if:

(a) The player is at all times made aware that payoff schedules or award cards applicable to any game offered for play are readily accessible and will be displayed on the video display screen of the device upon the initiation of a command by the player, or

(b) The award cards of any game offered for play are displayed at all times when the device is available for play.

2. Payoff schedules or award cards must accurately state actual payoffs or awards applicable to the particular game or device and shall not be worded in such manner as to mislead or deceive the public. Maintenance of any misleading or deceptive matter on any payoff schedule or award card or failure on the part of a licensee to make payment in strict accordance with posted payoff schedules or award cards may be deemed an unsuitable method of operation.

4. Licensees shall not issue credit for purposes of gaming to key employees of that licensee whether or not such credit is evidenced by a player card, wagering account or a credit instrument.

5. For the purposes of this section, "affiliate" shall have the same meaning as defined in Regulation 15.482-3 and "affiliated company" shall have the same meaning as defined in NRS 463.4825. "Affiliated company" specifically includes a publicly traded corporation registered with the Commission.

3. The Chair may:

(a) Require that a limit be imposed on a progressive keno game, or that the limits of winning tickets or the value of a keno game or a progressive keno game be decreased, if such a limit or decrease is deemed necessary for the licensee to maintain sufficient minimum bankroll requirements pursuant to Regulation 6.150; or

Acceptance of a registration, state gaming license, or finding of suitability, or renewal thereof, constitutes an agreement on the part of the registrant, licensee, or person found suitable by the Commission to be bound by all of the regulations of the Commission as the same now are or may hereafter be amended or promulgated. It is the responsibility of the registrant, licensee, or person found suitable by the Commission to keep informed of the content of all such regulations, and ignorance thereof will not excuse violations.

(Amended: 3/26.)

5.040 Investigation of conduct of a registrant, licensee, or person found suitable by the Commission generally. A registration, gaming license, or finding of suitability is a revocable privilege, and no holder thereof shall be deemed to have acquired any vested rights therein or thereunder. The burden of proving his or her qualifications to hold any registration, license, or finding of suitability rests at all times on the registrant, licensee, or person found suitable by the Commission. The Board is charged by law with the duty of observing the conduct of all registrants, licensees, and persons found suitable by the Commission to the end that registrations, licenses, and findings of suitability shall not be held by unqualified or disqualified persons or unsuitable persons or persons whose operations are conducted in an unsuitable manner.

4. In addition to the criteria set forth in subsection 12 of NRS 463.335, the Board may object to the registration of an applicant within 120 days after receipt of a complete application for registration if the applicant has committed, attempted or conspired to commit an offense:

A licensee shall check, and may rely on, the system of records maintained by the Board to verify the temporary registration, registration or eligibility of a person seeking employment as a gaming employee with such licensee.

2. A licensee shall only access the system of records after a person applies for a position as a gaming employee solely to determine whether the person is registered, temporarily registered, or subject to objection, suspension or revocation, or to initiate an application transaction in the Board's online gaming employee registration system. A licensee shall maintain documentation establishing that it received an application for employment from a person for a position as a gaming employee prior to accessing the system of records and retain such documentation for at least 5 years.

3. Upon the termination of employment of an employee with access to the system of records maintained by the Board or the reassignment of such employee to a position that no longer requires access to the system of records, the licensee shall notify the Board of such termination or reassignment not later than the next business day. The information contained within the system of records is confidential and must not be disclosed by such employee or the licensee.

4. If a licensee determines, after accessing the system of records maintained by the Board, that a person seeking employment as a gaming employee with such licensee is not temporarily registered or registered as a gaming employee, and is not subject to objection, suspension or revocation, the licensee shall provide the person with a form for application, the statement required by subsection 1 of NRS 463.3351 and instruct the person to:

(d) Unless otherwise prescribed by the Chair, complete the application for gaming employee registration online via the Board's online gaming employee registration system or return a completed paper application for registration to the licensee in a sealed envelope, or in any other confidential manner permitted by the Board, for submission to the Board.

5. If a licensee determines, after accessing the system of records maintained by the Board, that a person seeking employment as a gaming employee with such licensee is subject to objection, suspension or revocation, the licensee shall:

(a) Not accept an application for registration from such person; and

(b) Notify the person that he or she must contact the Board in order to pursue reversal or removal of such objection, suspension or revocation.

6. If a licensee determines, after accessing the system of records maintained by the Board, that a person seeking employment as a gaming employee with such licensee is temporarily registered or registered as a gaming employee, the licensee shall provide such person with a change of employment notice and the statement required by subsection 1 of NRS 463.3351, and instruct the person to complete such notice and statement, unless otherwise prescribed by the Chair, either online via the Board's online gaming employee registration system or by completing the paper version of the notice and statement and returning them to the licensee in a sealed envelope, or in any other confidential manner permitted by the Board, for submission to the Board.

7. The application for registration is confidential and shall not be accessed or used for any purpose by a licensee unless otherwise permitted by law, or prior, written consent is given by the person seeking employment.

8. On or before the fifteenth (15th) day of each month, each licensee shall enter a termination date for all gaming employees terminated or separated from service within the immediately preceding month into the Board's online gaming employee registration system. With regard to persons required to register pursuant to section 5.320, such entry shall include a truthful statement of the reason for each termination or resignation and any additional information regarding the termination or resignation requested by the Chair.

9. Each licensee must maintain a photo of every gaming employee employed by the licensee. The licensee shall maintain the photo for a period of no less than 5 years after the date on which the gaming employee is no longer employed by the licensee as a gaming employee. The photo must be large enough and of sufficient clarity to clearly identify the gaming employee from the photo. The photo may be in the form of a photograph or it may be digitally stored, and must be capable of being reproduced and provided at the request of the Board.

3. The expiration date of the registration of a gaming employee shall not change as a result of the filing of a change of employment notice.

4. When a licensee temporarily reassigns a gaming employee employed by the licensee to work at an affiliated licensee, a change of employment notice is not required if:

(a) The gaming employee does not act in an unarmed or armed security personnel position for an affiliated licensee if the gaming employee is not so employed in such capacity with the licensee and

(b) The gaming employee is not temporarily reassigned to an affiliated licensee for more than 30 calendar days per calendar year.

5. A licensee which temporarily reassigns employees to an affiliated licensee shall, upon request from the Board, furnish current information concerning gaming employees who have been temporarily reassigned to an affiliate licensee, the affiliated licensee to which each gaming employee was assigned, and the dates on which each gaming employee was temporarily reassigned to the affiliated licensee.

 - (b) Inform the gaming employee that he or she may apply to the Board for a review or hearing on the temporary suspension by filing a notice of defense within 30 days after receipt of the notice of temporary suspension as set out in subsection 3.
3. Not later than 30 days after the effective date of the temporary suspension, a gaming employee who has been notified of a temporary suspension may file a written notice of defense with the Board. Such notice of defense shall state specific reasons why the gaming employee believes temporary suspension is not appropriate and may include any documentary evidence deemed relevant by the gaming employee.
4. Upon receipt of a notice of temporary suspension of a gaming employee, the applicable gaming licensee must:
 - (a) Reassign the gaming employee to a position that does not require registration as a gaming employee; or

9. Within 5 business days after receipt of an application for review of the decision of the Board, the Commission shall schedule a hearing on the temporary suspension. The Commission may sustain, modify, or reverse the Board's decision on the temporary suspension.

10. Unless a temporary suspension of a gaming employee is reversed by the Board after a review or hearing conducted pursuant to subsection 5, a temporary suspension shall lapse:

(a) Upon separation of the gaming employee from all positions which require registration as a gaming employee;

(b) Upon a reversal of the temporary suspension by the Commission;

(c) Upon a rescission of the temporary suspension by the Board upon a finding that it is no longer necessary; or

(d) If, within 60 days after final administrative or judicial review of the temporary suspension, the Board has not filed a complaint for revocation of the gaming employee's registration as provided in NRS 463.337 and 463.312 to 463.3145, inclusive.

(Adopted: 9/20.)

5.109 Petition for hearing to reconsider objection to registration or to reconsider suspension or revocation of registration.

1. Any person whose application for registration as a gaming employee has been objected to pursuant to NRS 463.335, suspended pursuant to 463.336, or revoked pursuant to NRS 463.337, may not request a hearing for reconsideration of the final administrative or judicial action which resulted in such objection, suspension or revocation for a period of one (1) year following the date of such final administrative or judicial action.

2. After the one (1) year period required by subsection 1, an aggrieved person may request a hearing by filing a petition with the Board which sets forth the basis of the request for reconsideration. The aggrieved person shall, upon filing such petition, include the statement required by subsection 1 of NRS 463.3351 and, if requested by the Board, a new complete set of fingerprints together with the fee charged by the Central Repository for Nevada Records of Criminal History to process such fingerprints.

3. Upon receipt of a petition, the Board shall conduct an investigation of the person who filed such petition. Upon completion of the investigation, which may include an examination of any relevant facts or circumstances which occurred subsequently to the initial objection, the Board may grant the relief sought in the petition based on the information presented therein. If the Board does not grant the relief sought based on the filing of the petition, the Board must schedule a hearing in accordance with subsection 14 of NRS 463.335. At the hearing, the Board may take any testimony deemed necessary. The Chair may designate a member of the Board or the Board may appoint a hearing examiner and authorize that person to perform on behalf of the Board any of the following functions required of the Board in the case of a hearing conducted pursuant to NRS 463.335:

5. After conducting a hearing pursuant to subsection 3, the Board, designated member of the Board, or appointed hearing examiner shall review the testimony taken and any other evidence, and render a decision sustaining, modifying, or withdrawing the objection, suspension, or revocation and provide a copy of the decision to the person by mail within 45 days after the date of the hearing.

6. Except as otherwise provided in subsection 7, the Board shall present its decision or recommendation to the Commission at the next meeting of the Commission after the Board, designated Board member, or appointed hearing examiner renders a decision pursuant to subsection 5.

7. The Board is not required to present its decision to the Commission if the Board issues a unanimous decision to sustain or modify an objection, suspension, or revocation to a registration as a gaming employee pursuant to subsection 5 unless the person aggrieved by the decision applies in writing to the Commission for review of such decision within 15 days after the announcement of the decision. The failure of the person

to apply for a review within such 15-day period shall be deemed to be an admission that the unanimous decision of the Board sustaining or modifying the objection is well founded and, pursuant to subsection 11, such person may not file another petition pursuant to this regulation for a period of five (5) years after the date of the Board's decision, or such lesser period of time as may be ordered by the Board.

8. The Commission, in reviewing a decision or recommendation of the Board, designated member of the Board, or appointed hearing examiner, may sustain, modify, or reverse the decision or recommendation or remand the petition to the Board for such further investigation or reconsideration as the Commission may order. The review by the Commission is limited to the record of the proceedings before the Board, designated member of the Board, or appointed hearing examiner.

9. An aggrieved person who files a petition pursuant to this section may submit a written request for withdrawal of such petition to:

(a) The Board at any time prior to the Board rendering a decision or adopting a recommendation to the Commission pursuant to subsection 5; or

(b) The Commission at any time before the Commission has acted upon a decision or recommendation of the Board, designated member of the Board, or appointed hearing examiner pursuant to subsection 8.

10. If a person who files a petition pursuant to this section is deemed eligible for employment as a gaming employee, such person shall, as directed by the Board, file a new application for registration as a gaming employee or a change of employment notice with the Board by submitting it to the licensee for whom the person becomes employed as a gaming employee within 10 days, unless otherwise prescribed by the Chair. Unless objected to, suspended, or revoked by the Board or Commission, the registration of such person as a gaming employee expires 5 years after the date employment commences with the applicable licensee or, in the case of an independent agent, 5 years after the date the independent agent contracts with a licensee. Such registration shall be subject to any limitations and conditions that are prescribed by the Board or Commission.

11. If a person who files a petition pursuant to this section is deemed ineligible for employment as a gaming employee, such person may not file a new petition for a period of five (5) years after the date of final action taken by the Board or Commission, as applicable, or such lesser period of time as may be ordered by the Board or Commission. Any such petition shall be processed in accordance with the applicable provisions of this section.

(d) "Progressive payoff schedule" means a game or machine payoff schedule, including those associated with contests, tournaments or promotions, that increases automatically over time or as the game(s) or machine(s) are played. The term does not include card game promotional pools or interactive gaming promotional pools reduced through a mechanism other than the mechanisms set out in subsection 5 of this section.

2. The amount of a progressive payoff schedule shall be conspicuously displayed at or near the games or machines to which the payoff schedule applies. Each licensee shall record the following information in a progressive log:

(a) The base amount of each progressive payoff schedule when first exposed for play;

(b) Except as otherwise specified in this section, at least once a day, the amount of each progressive payoff schedule at the licensee's establishment.

(c) Progressive payoff schedules which are less than \$5,000 and offered in conjunction with a slot machine are not required to be recorded in a progressive log on a recurring basis.

(d) For progressive payoff schedules of \$5,000 or more that are offered in conjunction with a slot machine, licensees shall log the amount of each progressive payoff schedule not less often than once every 7 days if the progressive payoff schedule is linked to a slot machine or slot machines that are connected to a Board approved on-line slot metering system and the metering system records information that can be used to reasonably calculate the progressive payoff; and

(e) For progressive payoff schedules required to be logged by this section, explanations for reading decreases attributable to a payoff, the date of payoff, the payoff amount, and the payoff form number.

➤ For progressives offered in conjunction with an inter-casino linked system, licensees shall follow the requirements set forth in section 5.112.

3. A licensee may change the rate of progression of any progressive payoff schedule provided that records of such changes are created.

4. A licensee may limit a progressive payoff schedule to an amount that is equal to or greater than the amount of the payoff schedule when the limit is imposed. The licensee shall post a conspicuous notice of the limit at or near the game(s) or machine(s) to which the limit applies.

(c) The licensee distributes the entire incremental amount to another single progressive payoff schedule on similar game(s) or machine(s) at the licensee's establishment and:

(1) The licensee documents the distribution;

(2) Any game or slot machine offering the payoff schedule to which the licensee distributes the incremental amount does not require that more money be played on a single play to win the payoff schedule than the game or slot machine from which the incremental amount is distributed unless the incremental amount distributed is increased in proportion to the increase in the amount of the wager required to win the payoff schedule;

(3) If from a slot machine, any slot machine offering the payoff schedule to which the incremental amount is distributed complies with the minimum theoretical payout requirement of Regulation 14.040(1); and

(4) The distribution is completed within 30 days after the progressive payoff schedule is removed from play or within such longer period as the Chair may for good cause approve;

(d) For games other than slot machines, the incremental amount may be distributed within 90 days of removal through a concluding contest, tournament or promotion and the contest, tournament or promotion is conducted with a game(s) similar to the game(s) from which the amounts are distributed; or

(e) The Chair, upon a showing of exceptional circumstances, approves a reduction, elimination, distribution, or procedure not otherwise described in this subsection, which approval is confirmed in writing.

6. A progressive payoff schedule may be temporarily removed for a period of up to 30 days to allow for the remodeling of the licensed gaming establishment, or for such longer period or other good cause as the Chair may approve.

7. Except as otherwise provided by this section, the incremental amount of a progressive payoff schedule is an obligation to the licensee's patrons, and it shall be the responsibility of the licensee if the licensee ceases operation of the progressive game or slot machine for any reason, including a transfer of ownership of the licensed gaming establishment, to arrange for satisfaction of that obligation in a manner approved by the Chair.

8. Licensees shall maintain the records required by this section for at least five years after they are made unless the Chair approves otherwise in writing.

Subject to compliance with the minimum rate of progression requirements set forth in NGC Regulation 14.045(1), an operator may change the rate of progression, including those between multiple progressive payoff schedules and reset funds, provided that records of such changes are created and maintained. (3) If from a slot machine, any slot machine offering the payoff schedule to which the incremental amount or reset fund is distributed complies with the minimum theoretical payout requirement of Regulation 14.040(1); and

(r) "Validation period" means the period of time between when a patron has met the conditions required to receive a prize, and when the prize payout is validated. The validation period shall not exceed 72 hours, unless otherwise extended by the Chair.

3. Periodic payments of prizes awarded to a patron as a result of conducting any gaming or promotional activity may be made if the method of funding the periodic payments provides such payments to a patron through the establishment of any one of the following funding methods:

(a) An irrevocable surety bond or an irrevocable letter of credit with an independent financial institution which will provide for either the periodic payments or a single cash payment for the remaining periodic payments should the licensee default on paying the scheduled periodic payments for any reason. The form of the written agreement establishing an irrevocable surety bond or the irrevocable letter of credit, and a written commitment to execute such bond or letter from the financial institution, shall be submitted to the Chair for approval no less than 45 days prior to the commencement of the gaming or promotional activity.

(b) An irrevocable trust with an independent financial institution in accordance with a written trust agreement, the form of which shall be submitted to the Chair for approval at least 45 days prior to the commencement of any new gaming or promotional activity, and which provides periodic payments from an unallocated pool of assets to a group of patrons and which shall expressly prohibit the patron from encumbering, assigning or otherwise transferring in any way the patron's right to receive the deferred portion of the prizes except to the patron's estate. The assets of the trust shall consist of approved funding sources in an amount sufficient to meet the periodic payments as required.

(c) A reserve maintained at all times by a licensee, together with the continuing satisfaction of and compliance with certain financial ratios and tests, and monitoring and reporting procedures related thereto. The conditions under which a reserve method may be used shall be prescribed by the Chair in a written notice distributed to licensees and all interested persons. Licensees shall notify the Chair in writing at least 45 days prior to the commencement of any new gaming or promotional activity for which periodic payments

may be used. Unless otherwise informed within such time period in writing by the Chair and assuming a stop order has not been issued during such period, the use of a reserve method for funding periodic payments shall be deemed approved.

(d) Another method of providing the periodic payments to a patron consistent with the purpose of this regulation and which is approved by the Commission prior to the commencement of the gaming or promotional activity. Proposed modifications to a periodic payment plan previously approved by the Commission shall be submitted to the Chair for review at least 45 days prior to the effective date of the change. The Chair, after whatever investigation or review the Chair deems necessary, may administratively approve the modification or require the licensee to submit the requested modification to the Commission for review and approval.

4. The funding of periodic payment plans shall be completed within 30 days of the conclusion of the validation period, or where a qualified prize option is offered for such prize payout, within 30 days of the date the patron makes an election thereunder. Where a single cash payment is elected, the licensee shall pay to the patron in cash, certified check or wire transfer the full amount less any prior payment(s) within 15 days after receiving the patron's written notification of such election.

5. Periodic payments shall not be used for prize payouts of \$100,000 or less. Periodic payments for total amounts won greater than \$100,000 shall be paid as follows:

(a) For amounts won greater than \$100,000, but less than \$200,000, payments shall be at least \$10,000 annually;

(d) The first installment payment shall be made upon the conclusion of the validation period, notwithstanding that a qualified prize option may be offered to the patron. In the event that a qualified prize option is offered to a patron, it shall not be construed as a requirement that the patron shall receive a single cash payment instead of periodic payments.

➤ Waivers of subsections (a), (b) and (c) of this section that have been previously granted by the Commission shall remain in full force and effect pursuant to the current terms and provisions of such waivers.

6. The licensee shall provide the Chair with an appropriate, signed legal document, prior to the commencement of any gaming or promotional activity for which periodic payments are to be offered, that shall irrevocably and unconditionally remise, release, indemnify and forever discharge the State of Nevada, the Commission, the Board, and their members, employees, agents and representatives, including those of the Attorney General's Office, of and from any and all claims, actions, causes of actions, losses, damages, liabilities, costs, expenses and suits of any nature whatsoever, in law or equity, including reasonable attorney's fees, arising from any act or omission of the Commission and the Board, and their members, employees, agents and representatives.

7. For any gaming or promotional activity for which periodic payments are used, the licensee shall provide a notice on each gaming device or, if no gaming device is used, then in each gaming or promotional area specifically setting forth the terms of the periodic payment plan, and include in all radio, television, other electronic media, or print advertising that such prizes will be awarded using periodic payments.

8. Notwithstanding any other regulation to the contrary, if a licensee offers a qualified prize option to a patron who is awarded a qualified prize, the licensee shall provide the option to the patron in writing within five days after the conclusion of the validation period. Such written option shall explain the method used to compute the single cash payment, including the discount rate as of the date of calculation, and shall state that the patron is under no obligation to accept the offer of a single cash payment and may nevertheless elect to receive periodic payments for the qualified prize.

9. The licensee shall maintain the following amounts, as applicable, related to each gaming or promotional activity that uses periodic payments in calculating its minimum bankroll requirement for the purpose of complying with Regulation 6.150:

(a) For periodic payment plans approved in accordance with Regulation 5.115(3)(a), the installment payments due within the next 12-month period for all amounts won or on public display for which the licensee will be making periodic payments.

(b) For periodic payment plans approved in accordance with Regulation 5.115(3)(b), the first installment payment, if not yet paid, and the present value of all future payments:

- (1) For amounts won or awarded but for which the funding has not been completed; and
- (2) For all prizes which have not been won or awarded but are on public display, including a progressive meter.

(c) An alternative amount and/or method required by the Chair to satisfy the minimum bankroll requirement for other approved funding plans used for periodic payments.

10. At all times the licensee is responsible for the payment of all prizes resulting from any gaming or promotional activity upon conclusion of the validation period, regardless of the method used to fund the periodic payments allowed under this regulation. In the event of a default by any financial institution with which the licensee has contracted to guarantee or make periodic payments, the licensee will be liable for the periodic payments owed to patrons.

11. At least annually, the licensee shall verify that the independent financial institution and brokerage firm being used to guarantee or remit periodic payments to patrons or to hold approved funding sources related thereto continues to meet the applicable qualifications required by Regulation 5.115(2). In the event that such entities are found to no longer meet the defined requirements, the licensee shall immediately notify the Chair of the change in status and within 30 days provide a written plan to comply with these requirements.

12. At least 60 days prior to the cessation of operations, a licensee responsible for remitting periodic payments to patrons shall submit a plan to satisfy the liability for approval. The Chair, after whatever investigation or review the Chair deems necessary, may approve the plan.

13. Copies of the related contracts and agreements executed pursuant to Regulation 5.115(3)(a), (3)(b) and (3)(d) shall be submitted to the Board within 30 days after execution. For all methods of funding periodic payments, the licensee must maintain documents, executed contracts and agreements for a period no less than the duration of the periodic payments plus five years thereafter.

14. Where a licensee is found to be in noncompliance with the funding requirements provided in this regulation, the Chair may require the licensee to immediately cease offering any gaming or promotional activity for which periodic payments are used or the Chair may require other corrective action.

15. Any failure of the licensee to maintain full compliance with each and every provision set forth in this regulation, including the Chair's requirements established pursuant to Regulation 5.115(3)(c), or any failure of the licensee to immediately notify the Chair of any noncompliance thereof, shall constitute an unsuitable method of operation. Such noncompliance may subject the licensee to disciplinary action.

16. The Commission may waive one or more of the requirements of this regulation if it makes a written finding that such waiver is consistent with the public policy set forth in NRS 463.0129.

An application for approval of payment of a finder's fee shall make a full disclosure of all material facts. The Commission may disapprove any such application if the person to whom

the finder's fee is proposed to be paid does not demonstrate that he or she is suitable to hold a state gaming license.

Anyone permitted to be present in a gaming area of this establishment may be present in the salon while it is open to the public."

(2) The Chair may condition such approval to require:

4. The Chair may refer a request for approval to the Board and Commission for consideration, or grant, deny, limit, restrict or condition a request made pursuant to this section for any cause the Chair deems reasonable. 5. The Chair is hereby granted the authority to issue an interlocutory order, revoking or suspending any administrative approval granted pursuant to this section for any cause deemed reasonable. An interlocutory order shall be deemed delivered and effective when personally served upon the licensee, or if personal service is impossible or impractical, when deposited, postage prepaid, in the United States mail,

to the licensee at the address of the establishment as shown in the records of the Commission. (b) The amount of the reserve shall be not less than the greater of \$25,000 or the sum of all patrons' funds held in the wagering accounts. Amounts available to patrons for play that are not redeemable for cash may be excluded from the reserve requirement. In calculating the sum of all patrons' funds held in wagering accounts when such wagering accounts are used for multiple types of wagering, this subsection, and Regulations 5A, 22, and 26C, as applicable, shall not be construed to require the tallying of such patrons' funds more than once.

(c) If a reserve is maintained in the form of cash, cash equivalent, or an irrevocable letter of credit, it must be held or issued, as applicable, by a federally-insured financial institution. If the reserve is maintained in the form of a bond, it must be written by a bona fide insurance carrier. The reserve must be established pursuant to a written agreement between the licensee and the financial institution or insurance carrier, but the licensee may engage an intermediary company or agent acceptable to the Chair to deal with the financial institution or insurance carrier, in which event the reserve may be established pursuant to written agreements between the licensee and the intermediary and between the intermediary and the financial institution or insurance carrier.

(d) The agreements described in paragraph (c) of this subsection must reasonably protect the reserve against claims of the licensee's creditors other than the patrons for whose benefit and protection the reserve is established, and must provide that:

- (1) The reserve is established and held in trust for the benefit and protection of patrons to the extent the licensee holds money in wagering accounts for such patrons;
- (2) The reserve must not be released, in whole or in part, except to the Board on the written demand of the Chair or to the licensee on the written instruction of the Chair. The reserve must be available within 60 days of the written demand or written notice. The licensee may receive income accruing on the reserve unless the Chair instructs otherwise pursuant to paragraph (k) of this subsection;
- (3) The licensee has no interest in or title to the reserve or income accruing on the reserve except to the extent expressly allowed in this subsection;
- (4) Nevada law and this subsection govern the agreements and the licensee's interest in the reserve and income accruing on the reserve;
- (5) The agreements are not effective until the Chair's approval has been obtained pursuant to paragraph (e) of this subsection; and

(6) The agreements may be amended only with the prior, written approval of the Chair.

(e) Each licensee shall submit to the Chair all information and copies of all documents relating to its proposed reserve arrangement, including copies of the agreements described in paragraphs (c) and (d) of this subsection, and must obtain the Chair's approval of the agreements and of the reserve arrangements generally. The Chair shall determine whether the agreements and arrangements satisfy the purposes and requirements of this subsection, may require appropriate changes or withhold approval if they do not, and shall notify the licensee of the determination. Amendments to reserve agreements or arrangements must be approved in the same manner.

(f) A licensee must calculate its reserve requirements each day. In the event a licensee determines that its reserve is not sufficient to cover the calculated requirement, the licensee must, within 24 hours, notify the Chair of this fact in writing and must also indicate the steps the licensee has taken to remedy the deficiency.

(g) Each licensee must engage an independent certified public accountant to examine the pertinent records relating to the reserve each month and determine the reserve amounts required by this subsection for each day of the previous month and the reserve amounts actually maintained by the licensee on the corresponding days. The licensee shall make available to the accountant whatever records are necessary to make this determination. The accountant shall report the findings with respect to each day of the month under review in writing to the Board and the licensee no later than the tenth day of the next month. The report shall include the licensee's statement addressing each day of noncompliance and the corrective measures taken.

(h) The report described in paragraph (g) of this subsection may be prepared by an employee of the licensee that is independent of the gaming operations if written approval has been received from the Chair. The report must contain the signature of an employee attesting to the accuracy of the submitted information.

(i) If the Chair is notified pursuant to paragraph (f) of this subsection, or the report described in paragraph (g) of this subsection indicates that at any time during the month under review the amount of the reserve did not meet the requirements of this section, the Chair may instruct the book to either increase the reserve accordingly or cease accepting wagers and money for the account of patrons until such time as the reserve meets the requirements of this subsection and is confirmed to the Chair's satisfaction. The Chair may demand that this reserve be increased to correct any deficiency or for good cause to protect patrons.

(j) If the reserve exceeds the requirements of this subsection, the Chair shall, upon the licensee's written request, authorize the release of the excess.

(k) When a licensee ceases operating and its license lapses, is surrendered, or is revoked, the Chair may demand payment of the reserve, any income accruing on the reserve after operations cease, and, if instructions from the Chair that income accruing on the reserve not be paid to the licensee are in effect when operations cease, any income accruing since the instructions took effect. The Board may interplead the funds in state district court for distribution to the patrons for whose protection and benefit the reserve was established and to such other persons as the court determines are entitled thereto, or shall take such other steps as are necessary to effect the proper distribution of the funds, or may do both.

(l) As used in this subsection, "month" means a calendar month unless the Chair requires or approves a different monthly period to be used for purposes of this subsection, in which case "month" means the monthly period so required or approved.

21. Upon written request and good cause shown, the Chair may waive one or more of the requirements of subsection 20 of this Regulation. If a waiver is granted, the Chair may impose alternative requirements.
